INTRODUCTION

This book is basically part two to my last book called Handbook on the Powers that “Should Not” Be. In that book I presented an introductory analysis on the Global Cabal and how there is a global network that has been controlling the world. In this book I present the same Cabal, but demonstrate how it is the Cult that has been around ever since human civilization has existed, and is still controlling the world, and is the very same Cult that is prophesied in the Bible, from whom the Antichrist will come out of, preceding the Second Coming of Jesus at the end of the world. In this book I reveal who this Cult is, where they come from, how they have managed to gain control over the world, and their agenda for humanity.

I began studying the Bible in 1996, and eschatology was one of my earliest fascinations. I spent 19 years studying Biblical prophesy and the various schools of thought before I discovered the area of independent research that led me to learning about who really controls the world. That discovery began in 2015, and ever since I have applied that to the Biblical research that I have under my belt, and it has helped me to acquire a broader view of eschatology (study of Biblical End Times). In my opinion, the more you understand about the Cult and their agenda, the better that a student of eschatology can connect the dots of Biblical prophecies and their true context. The reason is, as you will learn in this book, this Cult that controls the world has been around ever since human civilization has existed. It has always been controlling the population all the way back to ancient times in places like ancient Sumer, Egypt, and Babylon, and is still controlling the world today from the shadows. And this same Cult is the very ones who the prophecies of the Bible talk about concerning the times of the Antichrist. As you learn the agenda of the Cult, you will find that they literally come right out and tell you what they are going to do, and it is as if it fell right off the pages of Scripture. Learning about the Biblical passages concerning these prophecies, and then listening to what members of the Cult come out and say they are going to do, is basically putting the names and faces to the entities that you have always read about in the Bible. Biblical End Times studies and research on the Cult/Cabal go hand-

in-glove. Researching one without the other can lead you to a level of knowledge and enlightenment, but having both will give you a broader perspective. It is like studying Biblical history without learning the geography. You can read all about names and places, tribes, kingdoms, empires, etc., but when you add to your arsenal an understanding of the geography and where those places are found on a map, then it will enhance you with a broader point of view. When you learn where some of the ancient locations of the Bible are in relation to modern day settings, along with what archeology has uncovered, then you take Biblical knowledge to a higher level. That is the same with understanding the Satanic Cult that rules the world today and what the ancient prophesies say they are going to do in the End Times. It is all connected!

The information that I present in this book will challenge readers in a number of ways. Christians from various backgrounds and affiliations may find some of the things I present to be offensive or even blasphemous, because I present in many ways how the Cult has its tentacles everywhere, and has been attacking Christianity ever since it was established by Christ two thousand years ago. I show how the Cult not only attacked by way of persecutions, but they infiltrated Christianity many times and have coopted it, and it possesses many faces that postures itself as Christianity. Hopefully readers will read with an open mind, and listen to what I present, and take it into consideration, and then do their own research and come to their own conclusions. The Truth should always be the ultimate goal for us all. We should always be open to truth and be willing to follow it wherever it leads us. Augustine of Hippo once said...

“Advance with me when you share my uncertainty. Seek with me when you have the same doubts. Accept my analysis if it is you who is in error. And win me over to yours if it is I who am wrong.”

I will conclude with this caveat that Mark Passio always gives before he does a presentation, because it shares my sentiment...

“My presentation style is often extremely intense and at times even combative. I won't, and I don't sugarcoat my words or my delivery. Some of you may very likely become upset or angered by what I will say during this presentation and so be it. That will never make what I'm about to say here untrue. The truth by its very nature is belligerent

because it wages war against all forms of deception and mind control. I don't present this information to be liked, to be popular, to make money, or to make friends. It's great if some of those things happen, but that's not my intention, that's not why I set out to do this work... Because I recognize that in the crisis that we are in now of overwhelming ignorance and deception, I have a moral obligation to communicate what I know to be taking place in our world to others, in an effort to help them to understand it so then they can take action and do something about it... I am here to try to inspire you to take the action... and you could do it in different ways, not everybody has to do it the same way. But it is about getting on the battlefield. It is about actually actively engaging and taking part in this war for our freedom."⁵⁶

Chapter 1

THE CULT

The Cult

In my last book called Handbook on the Powers that “Should Not” Be¹, I described how the world has been under the control of a Global Cabal, a global network that has been called by many different names such as the Illuminati, the Elite, Globalists, etc. This has been described by researchers as being a secret society and/or a network of secret societies that has managed, over the course of centuries, to infiltrate and control nearly every government in the world, and every institution that has major influence over different groups of people. This Cabal is also perhaps, better described as a cult, and it has been around for as long as written history records. Of course, they have had different names, but the same Satanic spirit has been at the inner core of this cult and has always been the driving force behind their agenda. Their agenda has been global domination, and they see themselves as being superior to the rest of the world, even considering themselves to be gods, while they view humanity as nothing more than human cattle. David Icke describes what led him to discover this Satanic force that has been manipulating human society throughout history...

“In my years of research on the Cult, I found that there's got to be some coordinating force that spans this entire period of humanity, almost like an organizational field. That's the common theme throughout time as generations of people are coming in and going out, there's something that spanned the whole time. So, I started looking around the world, looking for any common theme that would lead me to answer that question. And I've found very clearly that if you look at the different cultures, the ancient cultures, that there is a common theme of some hidden force that is manipulating human society. Obviously, they give

it different names, and they give it different symbolism, but when you break it down, they're actually talking about the same thing.”²⁸

Their activities trace back to ancient times to the present day, and their agenda for total world domination has reached a staggering level and progresses faster and faster as they reach their End Game. The formation of a one world government has been taking shape quicker than ever, but this has been a long-term plan that is now reaching its fulfillment, now that technology has caught up with the agenda. Their plans have been called the New World Order for decades, and this plan has progressed and now has been labeled by many elites as the Great Reset. The intended outcome is a one-world totalitarian dictatorship, with a one world currency, and one world religion. Yes, religion!

One thing that this Cult does in order to have power over the world population, is that they keep ancient knowledge hidden (occulted) for themselves, that is, hidden from the masses, while they themselves use that knowledge for their dark agendas to enslave humanity. Mark Passio, who spent some years in the Dark Occult, had this to say about this Cult ...

“I refer to them as the ‘Dark Occultists.’ You can call them a million different names folks, it doesn't matter what you call them. You can call them sorcerers. You can call them dark Luciferians, those who have the light and use it for dark purposes. They are Setians... It's the Cult of the Black Sun. You can call them by any name you want. But they are Dark Solar Occultists. When I say the ‘Dark Sun,’ why do I say the Black or the Dark Sun? The Sun represents light; it represents knowledge. It represents empowerment, it represents life. The antithesis of that, the total polar inversion of that is, it's still a form of light. It's still the sun, but it has darkness within it. So, it's knowledge being used for all the wrong reasons. Knowledge being used to control, not in light, nor to uplift, but knowledge being used to put people in a prison. Knowledge being used as a power differential over people who are still in a level of ignorance. So, you're blinding people with that light, and you're enslaving them with it, that is, with that knowledge. That's what these people are... In esoteric terms, they are people with the knowledge of how the ‘self’ works, meaning deep psychology, very ancient deep knowledge of psychology, combined with people who know about how the laws of nature function, which is a very deep, hidden science. That's it. There are the two sciences that are at work,

the physical sciences combined with psychology, and then you put the understanding of how moral law functions into that which they know as well, and rebel against, because they want to be gods on earth, and they want to conquer the consequences of Natural Law, and evade them to the longest amount of time that they possibly can. They're all the same cult. It doesn't make a difference who we're talking about here. You could be talking about Satanists, Setians, the worshipers of the great owl at Bohemian Grove, the Skull and Bones order of death, the Cult of the Black Sun that came out of the Nazi and SS Party of Germany. Therefore, in the modern day, they are top level international bankers, top level political figures, top level financiers, high level religionists, members of royalty, the so-called royal families, judiciary, high level military, people involved at highest levels of media, highest levels of medicine, highest levels of education. Again, highest levels of all religious systems on the earth. And everybody's religion out there is not exempt from that. The so-called cultural religions, secret societies and fraternal orders, think tanks, intelligence agencies, you name it. This is where the highest concentration of the dark occult is at. This is who they are. This is how they operate in the world. These are the institutions who determine how people's lives will be run.”²⁶

This Cult and its traditions and teachings traces back to the Sumerian, Egyptian, and Babylonian mystery schools and mystery religions. One of the manifestations of that is the various occult traditions like Shamanism, Hermetic tradition, Khemitian tradition, Apophatic tradition, Kabbalism, etc., which are practiced and preserved within the network of secret societies and other factions of the Cult. Those occult traditions are not always used for dark purposes, because the word “occult” simply means “hidden,” not “evil” as some suppose. There is light and dark occultism, and the Powers that Should Not Be use this hidden occult knowledge and traditions against humanity. Dark occultists have hijacked about every major religion, secret society, secret organizations, governments, etc.

Fritz Springmeier, in the introduction to his book “Bloodlines of the Illuminati,” gives a description of the lineage of the Illuminati families...

“In mockery and imitation of God’s 12 tribes, Satan blessed 12 bloodlines. One of these bloodlines was the Ishmaeli bloodline from which a special elite developed alchemy, assassination techniques, and other occult practices. One bloodline was Egyptian/Celtic/Druidic

from which Druidism was developed. One bloodline was in the orient and developed oriental magic. One lineage was from Canaan and the Canaanites. It had the name Astore, then Astorga, then Ashdor, and then Astor. The tribe of Dan was used as a Judas Iscariot type seed. The royalty of the tribe of Dan have descended down through history as a powerful Satanic bloodline. The 13th or final bloodline was copied after God's royal lineage of Jesus. This was the Satanic House of David with their blood which they believe is not only from the House of David but also from the lineage of Jesus, who they claim had a wife and children. The 13th Satanic bloodline was instilled with the direct seed of Satan so that they would not only carry Christ's blood, but also the blood of his 'brother' Lucifer.

One of the bloodlines goes back to Babylon and are descendants from Nimrod. Down through the years councils which ruled them, and these councils themselves came under the guidance of a secret Grand Council or Governing Body. The Mystery Religions in turn ruled the masses and the political leaders. When I first began investigating the Illuminati, a clear picture developed that the history books were doctored, and that great power was concentrated in the hands of oligarchies around the world."⁴²

The Cult and Christianity

This Cult has been in opposition to Christianity ever since Christianity has existed, because this Cult has been in opposition to God the Creator for as long as humans have existed. This conflict goes back to the spiritual realm where Satan, the fallen archangel, rebelled against God and was cast out of the heavenly realms with a third of the angels. And Satan and these fallen angels (demons) have continued this rebellion against God by trying to shipwreck humanity and to cause as many of God's created human beings to rebel against God and face the same ultimate condemnation as them. Christianity has been a primary target of Satan and his Cult for 2000 years now.

This Cult, in the early days of Christianity, tried to stop the spread of Truth by killing all Christians. This plan failed, and actually caused Christianity to grow more. Evidence of this is found in the writings of the Early Church

Fathers, such as Tertullian of Carthage (155–220AD), who said, “Every time you mow us down our numbers increase, the blood of Christians is the seed.”²⁷ The main reason why the Cult, who was in control of the Roman Empire at the time, had such issues with Christians, is because they understood the moral and spiritual laws of God that were taught by Christ Himself. This Cult back then, just as today, want total control over humanity, and the way to have control over humanity is to keep humanity in confusion about things like ‘right and wrong’, human sovereignty, morality, etc. Therefore, as we will see further on in this book, where the Antichrist and the Great Tribulation is brought to fruition because humanity falls so deep into depravity, which is called “*the falling away.*” (2 Thess. 2) As Mark Passio rightly says in his teachings on Natural Law, “as the morality of humanity collectively decreases, humanity collectively becomes and remains more enslaved.”¹⁰ This is why the Powers that Should Not Be work so hard to socially engineer the masses to become increasingly immoral and ignorant of the true nature of the Moral Laws of God. Because they know that “as the morality of humanity collectively increases, humanity collectively becomes and remains more free.” And since killing Christians in the early times was not working the way they desired, they attempted, and to some extent succeeded in various ways, to infiltrate Christianity in order to distort the true meaning of what Christ taught that brought true understanding about morality and the Truth that sets people free. Perhaps some of the early “heresies” of Christianity were not just Christians who had diverse doctrinal interpretations that varied from the Christian consensus that many consider to be “orthodox,” but maybe some of those who were labeled heretics and apostates were agents of the Cult. Infiltration and coopting are one of the primary tactics of this Cult, and what better way to cause confusion and to hijack the religious ideology that is spreading like a wild-fire and enlightening people’s minds and setting them free from being willful slaves, than to pose as Christians and distort it from within by false teachings and causing division. An enlightening that teaches people to understand that they are sovereign beings who gets their rights from God and not man is an understanding that, if understood by the collective, takes away the power from oppressors, and that is something that will get the attention from those who

gained their power by manipulation because they got the population to believe that their rights are privileges from a ruling-class.

In chapters 2-3 of the book of Revelation, Jesus is recorded as admonishing the seven churches of Asia, and there, are perhaps, some of the early infiltrators of Christianity, such as, in Ephesus “*those who say they are apostles and are not*” (Rev. 2:2), the Nicolaitans (2:6), “*those who say they are Jews and are not, but are a synagogue of Satan*” (2:9; 3:9), Pergamos, “*where Satan’s throne is*” and where “*the doctrine of Balaam*” and the “*Nicolaitans*” was being taught (2:12-15), and in Thyatira, where the “*woman Jezebel, who calls herself a prophetess*” (2:20). As for *those who say they are Jews and are not, but are a synagogue of Satan*”, this seems very similar, and perhaps an early manifestation of the Sabbatean-Frankists today, such as the Rothschilds and others who make up the “Jewish” elements of the Illuminati, which I will go into detail further on in this book.

Even prior to those mentioned above in the book of Revelation, which was written around 95AD, there was a ruling bloodline sect of the Dark Solar Cult called the Flavians, and they ruled during much of the original Roman Empire. They had a problem controlling the population because some parts of the people, such as the early Christians, who had gained understanding from the teachings of Christ, was not serving the ruling class of the Roman Empire as they desired, and it was creating more rebellions. Again, as mentioned above, this Cult possessed the ancient occult knowledge about the moral laws of God, and kept it hidden from the masses in order to control them, but Jesus came and taught it in its purest form, and it was bringing about a shift in consciousness among people, and the ruling class and the Cult were losing control as more people were becoming enlightened. After a couple of centuries of heavy persecutions and various infiltrations to hijack Christianity from within, this Cult still was unable to defeat Christianity, so they took infiltration and coopting to another level. Mark Passio gives his assessment of what happened...

“The Flavians’ own Astro-theology based religion was devoted to a Solar Deity called *Sol Invictus*, the Unconquerable Sun. These Solar Cult members sought to unify the Roman Empire under a common state-run religion by changing the problematic early Christian

philosophy to reflect the myths of their own Astro-theological Solar God (which they inherited from even older Solar Cult traditions). The continuity of this Solar Cult Mythos can be observed in the stories and characteristics of Mithra, Zoroaster, Dionysus, Horus, Osiris, Serapis, and many others. The hugely influential Piso family of the Calpurnian bloodline of Rome had already been at work on the Roman Empire's 'Christian Problem' since the mid-1st century AD, when the Pisos began to lay the foundations of the new state religion designed to control people's thought and suppress further rebellion against the 'authority' of the ruling class. This religion was designed to instill in people the promise of a better after-life, the fear of hell, and a masochistic philosophy of subjugation for the slave-class. To crush the growing rebellion in consciousness once and for all, the Flavian and Neo-Flavian dynasties knew that the Roman Empire would ultimately need to be united under such a state-controlled belief system. Constantine 'The Great' (born Flavius Valerius Aurelius) would ultimately take up this task. In 325AD Constantine held the Council of Nicaea, where exoteric religious leaders of the time were held under duress to develop a Rome-sanctioned 'legal' religion suitable for the masses. This council would invent today's modernized version of Christianity with Jesus portrayed as the 'Son of God,' and the highly censored text of the canonized Bible, which eliminated and suppressed hundreds of books of spiritual and esoteric information. The Nicaean Council weeded out any knowledge which spoke of spirituality forbidden by the ruling class. Some of the concepts censored by them included... canonical elimination of a whole body of early Gnostic spiritual information known as the Nag Hammadi Library. As if this wasn't a bad enough setback to early Christian philosophical thought, their most devastating blow would be delivered in the bastardizing of the Scriptures by adding in completely untrue 'enemy provisions' to their finalized canon."¹²

I shared that quote from Mark Passio, not because I totally agree with everything he stated, because I do take issue with some things of that assessment, but it does give a good display of how the Cult, in the early days of Christianity, took extreme measures to hijack Christianity. The part about that assessment that I take issue with the most is that the Council of Nicaea "invented" modernized Christianity. That is partially true, in as much as it was hijacked and turned into something else, but in the presentation that Mark gave, as well as a common misconception by some,

is that Constantine invented doctrines like the Trinity and the deity of Christ. That is false and demonstrates a lack of knowledge of the writings of the Early Church Fathers, who wrote many works between the time of the Apostles to the time of the Council of Nicaea in 325AD. Those concepts like the deity of Christ and the Trinity were developed and taught prior to Nicaea, but there was a lack of complete unity on the doctrines (even within Orthodoxy), and the Council took what was already being taught previously among the “orthodox” Christians and defined everything precisely and declared it as Dogma universally, and condemned those who taught otherwise. Perhaps these councils exceeded the lines of what was necessary and appropriate when defining dogma, and went well beyond adequate articulation concerning “mysteries” of the faith. Despite some of the wrong details by Passio (though he probably just got his information from a misinformed source), he does demonstrate how the Cult, through the Cult bloodline ruling-class during the time of the Roman Empire did infiltrate Christianity in a massive way through the so-called conversion of Constantine, who claimed to have had a vision of Christ that led him to convert to Christianity. In my opinion, having a leader of the “elite” ruling class, especially someone such as Constantine who was a Flavian, to claim conversion after seeking more control and power for his empire, to set a decree, leading bishops of Christianity to come together to define binding Dogma and to bring everyone under one dogmatic umbrella, is massively problematic (to say the least). The Council of Nicaea was the first of many Ecumenical Councils, which in turn institutionalized Christianity. Institutionalized anything and bringing masses of people under one centralized (human) authority is the very way that this Cult has been able to hijack human society on every level. When one researches the Illuminati, they will find that this has been the tactic used for centuries, because all that they need to do is infiltrate a centralized organization by placing their agents at the very top, in all the places and positions that makes the rules and calls the shots. Did the Cult manage to hijack Christianity by having the Roman emperor Constantine pose as a Christian and tell a big story about having a vision of Christ, lifting persecution, and making Christianity the official religion of the empire, in order to convince Christian leaders to go along with and participate with allowing the ruling class to directly impact everything such as binding Dogma and the

Magisterium “teaching” office of the Church? Nicaea set the stage for centralized control over Christianity and a union between the priest-class and ruling-class that has collaborated with other Cult entities such as dark occult secret societies, governments, shadow governments, bankers, and so on, and has played a key role in global control. Max Igan provides an excellent description of the role of the Vatican in today’s Illuminati...

“All the world is a stage and everything of importance that occurs on it, is planned to happen that way and it is through this Illuminati system of intertwining secret societies that the entire world is ultimately run. The vital control centers of this mechanism are the three Illuminati city states, all of which are separate self-governing states within host countries. The first is The City of London, which is the Center for Monetary Control, the second is Washington’s District of Columbia which is the Center for Military Control, and the 3rd is Vatican City which is the center for spiritual control. Each City State is a completely separate, self-governed and sovereign state within an external sovereign country. Each has its own laws, its own news services and infrastructure, each pays no taxes to the sovereign country in which it is located, and each has its own flag. The flag of each bear 3 stars signifying the 3 city states. Each city also has its own obelisk as the bloodline that controls the world can be clearly traced back to ancient Egypt. These are the three Illuminati Control Centers of the world. It is from these three centers that control over all aspects of the world is achieved.”²⁹

Today the large banking and financial business of the Catholic Church is an extensive system interlocked with the Rothschilds and the rest of the International Banking system. Rothschilds control in addition to their own fortune (estimated at over half of the wealth of the entire world.) The immense liquid resource of the Catholic Church is second only to the Rothschilds' in wealth and power. Avro Manhattan, in his book “The Vatican Billions”, says...

“The Vatican has large investments with the Rothschilds of Britain, France and America, with the Hambros Bank, with the Credit Suisse in London and Zurich. In the United States it has large investments with the Morgan Bank, the Chase-Manhattan Bank, the First National Bank of New York, the Bankers Trust Company, and others... the Vatican has billions of shares in the most powerful international

corporations such as Gulf Oil, Shell, General Motors, Bethlehem Steel, General Electric, International Business Machines, T.W.A., etc... In a statement published in connection with a bond prospectus, the Boston archdiocese listed its assets at Six Hundred and Thirty-five Million (\$635,891,004), which is 9.9 times its liabilities. This leaves a net worth of Five Hundred and Seventy-one million dollars (\$571,704,953). It is not difficult to discover the truly astonishing wealth of the church, once we add the riches of the twenty-eight archdioceses and 122 dioceses of the U.S.A., some of which are even wealthier than that of Boston... The Catholic church, once all her assets have been put together, is the most formidable stockbroker in the world. The Vatican, independently of each successive pope, has been increasingly orientated towards the U.S. The Wall Street Journal said that the Vatican's financial deals in the U.S. alone were so big that very often it sold or bought gold in lots of a million or more dollars at one time."³⁰

Protestant Christianity and the Cult

The Catholic Church is not the only institution that has been hijacked by the Cult. Every Christian institution that has a considerable following under one umbrella has either been coopted or is a target to be. Many large "Christian" institutions today are peddlers of the New World Order in one way or another. For example, there are two wings of the same Illuminati bird where both wings with different ideologies are working for the same end, that being the Marxist wing, which one half of Christianity embraces, especially the modern-day Pope and what many refer to as "liberal" Christians, then you have the other end of the spectrum of Christianity that embraces Zionism. Both ideologies are creations of the Cult and are used in order to cause division and to achieve their New World Order agenda. Both ideologies are engrained in all forms of Christianity, and the many thousands of Protestant denominations tend to lean one way or another. One key figure, C.I. Scofield, got part of Christianity to support the Cabalistic Messianic agenda to usher in the "new Messianic Age" where their "messiah" is supposed to descend from "King David via Solomon" and will rule the world from Jerusalem. Cyrus Scofield (1843-1921), who was an Illuminati agent, whose 1909 annotated Bible duped countless

evangelicals into unconditional support of Zionism. Scofield is an example of how the Illuminati revised or interpreted the Bible to advance their agenda of world tyranny. Rev. Ted Pike gives some revealing details...

“A flawed foundation lies under most evangelicals’ understanding of God’s moral dealings with humanity and particularly Jews. This foundation drives their support of the Jewish state. It is called ‘Scofield Dispensationalism.’ Written at the dawn of the modern Zionist movement, Scofield’s commentaries suggested that a nation of suffering and persecuted Jews, though Christ-rejecting, had a divine right to return and occupy Palestine. This idea was virtually absent from Christianity before the mid-1800s. How did such permission gain so great a foothold that it’s now unquestioned dogma for most evangelicals? ...CYRUS SCOFIELD. Cyrus Scofield taught that ... God gave the patriarch and his descendants unconditional rights as God’s chosen people. They were guaranteed the Promised Land and rights of occupation, even without obedience. Scofield said Israelites automatically receive ‘all blessings’ by just being there... Scofield, as no other figure, legitimized Christian participation in Zionism. Evangelicals then united pre-tribulationism and its ‘rapture escapism’ with Zionism. The new prophetic script for Christians read like this: ‘The right of God’s dispersed and persecuted chosen people to the Promised Land is covenanted to them by God unconditionally, forever. It is the duty of every Christian to honor God’s great last day’s regathering of His people, bidding them Godspeed by any possible means. If any nation or person refuses to stand by God and the Jewish nation, he is in league with Satan’... Upon his release from prison, Scofield deserted his first wife, Leonteen Carry Scofield, and his two daughters Abigail and Helen, and he took as his mistress a young girl from the St. Louis Flower Mission. He later abandoned her for Helen van Ward, whom he eventually married. Following his Illuminati connections to New York, he settled in at the Lotus Club, which he listed as his residence for the next twenty years. It was here that he presented his ideas for a new Christian Bible concordance, and was taken under the wing of Samuel Untermyer, who later became chairman of the American Jewish Committee, president of the American League of Jewish Patriots, and chairman of the Non-sectarian Anti-Nazi League. Untermyer introduced Scofield to numerous Zionist and socialist leaders, including Samuel Gompers, Fiorello LaGuardia, Abraham Straus, Bernard Baruch and Jacob

Schiff. These were the people who financed Scofield's research trips to Oxford and arranged the publication and distribution of his concordance. It is impossible to overstate the influence of Cyrus Scofield on twentieth-century Christian beliefs. The Scofield Bible is the standard reference work in virtually all Christian ministries and divinity schools. It is singularly responsible for the Christian mistaken belief that the Hebrew Prophecies describe the kingdom of Jesus' Second Coming, and not in fact the Zionist vision of a man-made New World Order. And it is precisely because Christians persist in this belief that they remain blind to the reality of Zion. Scofield served as the agent by which the Zionists paralyzed Christianity, while they prepared America for our final conquest."³¹

A very troubling teaching that has spawned from this comes from Fundamentalist Dispensationalism, that teaches that when Jesus came 2000 years ago, His main purpose was to set up His kingdom on earth and reign with the Jewish people. And since the people of Israel did not accept Him as their Messiah collectively, He then had to come up with a "plan B" and come back later in the future and set up His kingdom with a united conversion of the Jewish people, but in the meantime, the "plan B" was establishing the Church, that is made up of mostly Gentiles. But they claim that Jesus' main purpose of coming was for the Jewish people, not the establishment of the Church. The Church, according to Fundamentalist Dispensationalists is sort of a "band aid" solution, a quick fix until the Jewish people finally come around and accept Him as their Messiah. And once they finally do accept Him as their Messiah in the End Times, then Jesus will come again and reign for a thousand years with them on earth, which is how they interpret the 1000-year reign of Christ found in Revelation chapter 20. One can see how this way of thinking plays right into the whole Rothschild Zionist creation of modern-day Israel and the rebuilding of the Jewish Temple. As for what Zionism is, Mark Passio defines it...

"Zionism is an elitist and racist political ideology based on Talmudic Judaism, a false form of Judaic religion. Zionism has gone by many different names throughout the world, but it is essentially pure Dark Occultism at its core. Talmudic Judaism believes in the superiority of the Jewish race/religion and the slavery of 'lesser' people not 'chosen' by God, who they see as cattle and property. Zionism often hides

behind traditional Judaism, using it as a scapegoat, while simultaneously doing harm to legitimate Jews. While Zionists would insist they are the polar opposite of Nazis, their core ideology is virtually identical in belief and methodology to the religion of Nazism, with one of the only differences being which race is idealized as the 'Master Race,' Germans or Jews.

Zionist 'Christianity' is a complete oxymoron in terms. Christian Zionism is an extremist and racist form of false Christianity in which religious fundamentalists identify themselves as 'Christian,' but believe in and follow Talmudic and Zionist ideology. These so-called 'Christians' identify with the State of Israel and support everything that Israel does in the Middle East, including the slavery and genocide of the Palestinian people. Palestine is a land that was invaded by Zionists and taken by force using the erroneous belief system of Zionist entitlement and superiority with the full backing of the British and U.S. militaries. Even many fake 'Christians' who are not self-described 'Christian Zionists' but buy into some of Zionism's lower-level ideologies, including the unquestioning support of the State of Israel on 'religious grounds.'"²⁶

There are many more examples of how the Illuminati is working through "Christian" organizations, such as supporting and bank-rolling mega-church pastors and their ministries, high-profile televangelists, seminaries and Christian universities, etc. It is very important that Christians understand these things and how "institutionalized" anything has the potential to mislead you from Truth into delusion and ultimately supporting the New World Order Satanic agenda. There are numerous so-called ministries and sects that have Illuminati fingerprints all over them, such as, Prosperity Christianity, which was invented for spiritual degeneration to try to make people believe that being greedy and hoarding resources is some kind of a moral path in life. Christian Socialism, which supports and believes in redistribution of wealth using government coercion and violence. Pre-Determinism, which teaches that there is no point in trying to change the conditions here on earth because everything is already determined, and the outcome is set-in-stone. Extreme beliefs that earth is Satan's Kingdom, which is the notion that destroys positive change in our world because we live in Satan's Kingdom, which convinces people that they are powerless and ineffective, and should just submit and

hand over our rights willingly. The “I’m saved and that’s all that matters crowd,” which holds the belief that as long as their life is going well and they accept Jesus that they are “saved” and “spiritually complete,” and that’s all that matters; too bad for the rest of the sinners. Pacifism, those who will never act with force to defend themselves or anyone else under any circumstances, which paves the way for the submission and slavery of all of mankind to the will of psychopaths who would violate their sovereignty and rights. The extreme “accepting Christ and Faith Alone” crowd, who teaches that somehow magically absolves someone of all of their sins without having to change their mind, heart or behavior, or even learn the knowledge of what it means to be Christ-like (which is what the REAL acceptance of Christ is all about). And as discussed above, Christian Zionism, which supports an ideology that embraces racial superiority that has its roots in Babylonian Talmudic Pharisaism and Dark Cabbalism. All of those examples just listed were created by the Cult in order to destroy Christianity from within. Obviously, there are many more examples, but I did want to just highlight some. All of these have one thing in common, and that is the hidden agenda to take away the true power of Christianity in order to empower the Cult. True Christianity can destroy the Cult if Christians are united and living Christ-like, and the Cult knows this, so they work endlessly to destroy Christianity from all angles and from within, keeping Christians off track from true morality that leads to their own ineffectiveness and even them contributing to the Cult agenda while thinking they are serving God. They use “divide and conquer” techniques to keep Christians fighting among themselves over dogmas and doctrines, thinking each other to be the enemy while not seeing the true enemy, the Cult. Mark Passio describes who Jesus actually opposed, which gives us all an example what Christians should be opposing...

“The three worldly dynamics Jesus actually fought against during His lifetime as described in the New Testament were what I call The Unholy Trinity: Religion, Money and Government. He challenged the established religious orders of His day, the Pharisees and Sadducees. He took great issue with the usury of the Temple Money Changers, the established financial order of the day. And of course, he was convicted and crucified by the Roman government at the behest of the religious and monetary powers. This example, which Fake Christians never talk

about, also serves to illustrate where the true power of the control system ultimately lies.

Religion: Thought Control * Perpetuates Ignorance * Based upon Belief, not search for Truth * Controlled by a Dark Occult Priest-class * The Essence of all Mind Control * Basis for the ‘Old World Order

Money: Emotional Control * Perpetuates Apathy * The New God to which human beings now entirely devote their care, attention and energy * The Ultimate Religion * Basis for the New World Order

Government: Bodily Control * Perpetuates Cowardice * Based upon the erroneous belief in Authority * Violent Enforcer for Dark Occultists, Bankers * New World Order”²⁶

The Illuminati

Independent researcher and expert on the Illuminati, Henry Makow, titled a book that he wrote with the perfect title that describes them perfectly, “Illuminati, The Cult that Hijacked the World.”⁵ This cult has hijacked the world, and it is the modern-day Cult. Many researchers trace the Illuminati back to the formation of the Bavarian Illuminati in 1776, and its founder Adam Weishaupt. But this formation was more of an update and renewing of the agenda, therefore, the inner core has been around for centuries. In 1776, with the alliance of three key figures, Adam Weishaupt, Mayer Amschel Rothschild, and Jacob Frank, this brought a mastermind plan together with the financial backing of the Rothschilds, and the Satanic teachings of Jacob Frank, who claimed to be the Jewish Messiah.

1666 and the rise of Zevi and Frank

Jacob Frank brought his developed version of the Sabbatean religion, called Sabbatean-Frankism, which is the Satanism, based upon the Kabbalah, which is practiced by the inner core of the Illuminati today. But this cult practice didn’t start there, as Henry Makow describes, “The Sabbateans were predated by different Illuminati manifestations which date back to the ancient mystery religions of Egypt and Babylon.”² Jacob

developed Sabbateanism and took it into darker and more depraved levels. His successor Sabbatai Zevi (1626-1676), who had over a million Jewish followers, claimed to be the Jewish Messiah in 1666, and he inverted Judaism and turned religious practices backwards, such as feast days to fast days and vice-versa, and taught that the more sin that is committed, then the faster God will establish the Kingdom. So Zevi promoted and practiced everything from group orgies and wife swapping, among many other things, claiming that God will bring redemption through sin. One thing I found very interesting is a striking parallel between Zevi and the prophecy of the Antichrist (beast) and the false prophet in the Bible, found in Revelation chapters 13,19,20. Zevi claimed to be the Jewish Messiah, which is what the Antichrist will do in the future, and the Antichrist will have a “false prophet” that operates as sort of a forerunner and convinces many to worship the Antichrist. Sabbatai Zevi also had a forerunner that was a false prophet by the name of Nathan of Gaza. Robert Sepehr says...

“Nathan of Gaza, the proponent closest to Zevi, who had caused Zevi to reveal himself as the Messiah, and in turn became his prophet...”⁶

This is not to say that Zevi is the fulfillment of Biblical prophecy, but one thing that Scripture does, is along with future prophecies one will find places in history where there are types and prefigurements of things and people prophesied for the future. Such as Zevi is a type of the Antichrist to come, which I will discuss in greater detail when I get to the topic on the Antichrist.

As for Jacob Frank, Robert Sepehr says...

“Jacob Frank asserted that God, the creator was different from the God who had revealed himself to the Israelites. He believed the Biblical God was evil, belief widely held in Gnostic circles. Where Frank separated himself was by rejecting every moral law and commandment, and declaring that the only way to a new society was through the total destruction of the present civilization. He insisted that child sacrifice, rape, incest and the drinking of blood were perfectly acceptable and necessary religious rituals... Frank totally rejected the traditional interpretation of the Torah. He converted to both Islam and Catholicism. He often slept with his followers, as well as his own daughter, while preaching a doctrine that the best way to imitate God

was to cross every boundary, transgress every taboo, and mix (as he claimed God did) the sacred with the profane”⁶

Islam

Jacob Frank’s predecessor Sabbatai Zevi also converted to Islam, but under a different circumstance. Zevi was given a choice by the Sultan to either convert to Islam or be beheaded. Robert Sepehr says...

“Sabbatai returned to Turkey, where the Sultan of the Ottoman empire had already allowed the Zevi phenomenon to unfold for several years. The Sultan did not initially oppose Zevi’s religious claims, probably because those claims brought in so much money from Jewish tourism, as Jews flocked to Turkey from all over the world, from England to Persia, German to Morocco, Poland to Yemen. Though at first the Sultan did not interfere with Sabbatai’s movement, the last straw came, according to one of many rumored accounts, when Sabbatai publicly proclaimed that, in the next year, the Temple in Jerusalem would be rebuilt. The Sultan took umbrage. The most commonly accepted version of the story is that the Sultan offered Sabbatai Zevi the choice of either publicly converting to Islam or being beheaded.”⁶

Zevi converted publicly but still practiced his Sabbateanism underground. Obviously, this backfired against the intentions of the Sultan because his religion had become infiltrated by Zevi and his followers (called the Donmeh). They infiltrated Islam and eventually it manifested as the Saudi Royal family and the extreme British-Saudi version of Islam known as Wahhabism. David Icke explains...

“This is the religion of extreme suppression of women and beheading non-believers and ‘infidels’. Western/Saudi-funded, armed and trained terrorist groups like ISIS are its most famous manifestations along with the fascistic Saudi state itself. Wahhabism set the new blueprint for how Islam is perceived both by many of its followers and the wider global public. From this came the perception that Islam is about death and destruction... majority of Muslims are not violent... By contrast Wahhabism is anything but kind. It is a brutal, merciless, deeply psychopathic and supremacist creed that appropriately mirrors in its mind-set the Sabbatian-Frankist Death Cult.”⁴

Rothschilds and Israel

Sabbatai Zevi taught that his followers would return to their Jewish homeland on the ancient location of Israel, and this was pursued by this cult. 'Later, within this cult, those such as the Rothschilds began to invent a mythical history about the 'Kingdom of David' and a racial connection back to Biblical Israel. This was supported by their religious belief that the Jewish Messiah would come one day and draw them back to Jerusalem and establish his kingdom. This was opposed by orthodox Jews who did not support this ideology of Zionism and the State of Israel, and most Jews of the 19th century did not share this belief either. But a movement to spread this narrative was backed politically and financially to push for the spread of the political philosophy of Zionism and the right of the Jewish people to seize their 'historic right to the land of Palestine'. This was politically pushed by British Foreign Secretary Palmerston who wrote to British Ambassador in the Islamic Turkey based Ottoman Empire which controlled Palestine in 1840 and encouraged the support for the Jews who were dispersed throughout Europe to return to Palestine. Lord Palmerston just happened to be the Grand Patriarch of Grand Orient Freemasonry, which was the elite version controlled by the Sabbatian-Frankists. This campaign continued throughout the 19th century with the financial backing that pushed for 'academics' and 'historians' to push this fraudulent narrative. This culminated at the end of the century with the establishment by the Rothschilds of Zionism. The push was to get the Jewish people throughout the world to support this vision of going 'back to their homeland', but most of them opposed it. There were early Zionist attempts that advocated for a homeland, but not necessarily one in Palestine. Uganda and Argentina were discussed, and many were okay with that, but Palestine was the one they committed to. The World Zionist Organization with Theodor Herzl got support from Edmond de Rothschild. The Rothschilds demanded control of Jewish settlements and established a structure of administration which still calls the shots in Israel today. The Rothschilds were essential for the establishment of Israel. Being Sabbatian-Frankists, they manipulated events that led to the WWI, and funding all sides and exploited to secure the Balfour Declaration in 1917

in which the British Foreign government pledged support for a Jewish homeland in Palestine.’⁴

So basically the Rothschilds created the state of Israel for their own benefit. I have not gone into the history of how there was a highly orchestrated strategy to have Jews throughout the world persecuted, and make life extremely tough on them in order to convince many of them to go to Israel to live. As for the Rothschilds and Israel, it would be accurate to say that Israel is basically the Rothschilds private country with their private military and headquarters for influencing and manipulating the world to usher in the New World Order.

As pointed out above, the Rothschilds are Sabbatean-Frankists (Satanists), and this cult is where the Antichrist (false Messiah) will apparently come from. False Messiahs from this cult follow a certain lineage and succession, and the Rothschilds appear to be a part of this lineage, and may even fill the role of the Antichrist in the End Times during the Great Tribulation as prophesied in the Bible. Jack Manuelian gives some very interesting information concerning this...

“Another main Sabbatean belief is that ‘Godhead takes a human form which allowed for leaders of the sect to be incarnated into that Godhead, from Sabbatai Zvi through to Frank and others.’ (source Scholem). Hence, when Frankists convert to Christianity and Donmeh convert to Islam, their God does not become Jesus Christ and the Christian Trinity or Mohammad and his Allah but the ‘Godhead of the Frankists included members of the sect’ (Antelman). Therefore Sabbatai Zvi was their first incarnate God, after him, Jacob Frank was their incarnate God. After Frank, the godly reign apparently passed to the Rothschilds, and now their incarnate god is either a Rothschild god-man or they are waiting for his incarnation and manifestation among them like it is made clear in the Protocols of Zion.”⁷

Luciferianism and Satanism

The name Lucifer is derived from the Latin meaning “bringer of light.” In its pure form, Lucifer is the conceptual idea of the force through which the

Light, Divine Knowledge is conveyed to humans. Mark Passio says about Luciferianism...

“Dark Luciferianism is the perversion of the conveyance of Spiritual Knowledge. Dark Luciferians could be considered a super-class of the world-wide Satanic network who hold even higher-level knowledge about how Natural Law really works, yet have rejected the reality of it in favor of attempting to ‘reign in Hell.’ These Dark Occult ‘elitists’ are ultimately those who have been controlling humanity through exploitation of Occult Knowledge for tens of thousands of years. This deranged and parasitic ideology could also be referred to as Dark Atonism, Setianism, or the Cult of The Black Sun.”²⁶

While Luciferians focus more on the “Divine Light” and “Divine Knowledge,” Satanists focus more on the carnal and material. Mark Passio, who was a priest in the Church of Satan, defines Satanism as such...

“Satanism is an Ancient Occult Religion, comprised of diverse, interconnected networks of world-wide adherents. At its ideological core, this religion postulates that knowledge of the human psyche and knowledge of the law of the universe should be occulted and held only by a few human beings. It is much more accurate to perceive Satanists as ancient psychologists who hold and wield hidden information in ways which exploit those who remain ignorant of it. Through the power differential they gain by way of manipulating those who remain in ignorance of this critical hidden knowledge, this small minority who are ‘in the know’ wish to permanently rule the masses of humanity and effectively become God on earth. It is important to understand that, contrary to popular belief, the overwhelmingly vast majority of Satanists do not worship an externalized deity known as ‘Satan’ in the Christian tradition, but instead see Satanism as an ideological way-of-being in the world, and they view the ego-driven self as the ‘God’ of their religion.”²⁶

Illuminati defector John Todd explained how he understood the difference between Satanists, Witches, and Luciferians...

“Satan worshippers believe in Satan. Witches, the lower three levels believe in gods or the god-self and ESP and so on. They believe in plural gods like the mother god of Isis and so on. The higher levels are

Luciferians which believe in one god and the minor gods being in the Rothschild's. Ok that's the difference... Satanists see Satan and Jesus as the same person... That's the teaching in the Satanist church, Christ, Jesus Christ and Satan are the same person. That's the Satanist belief, and the Luciferians, they believe that Jesus Christ is the god of evil. Like we (Christians) would feel about the Devil, they feel about Jesus and Lucifer. They feel towards him like we feel towards Jesus. That's what they teach."³³

While Satanists promote certain “sins” such as stupidity, pompousness, self-deceit, herd conformity, lack of perspective, moral relativism, counterproductive pride, etc., they absolutely forbid this among their own ranks, because they push these things upon society in order to dumb-down, which makes it easier to manipulate and control the masses. Moral relativism is an ideology that is one of the key weapons that is being used on the global population, and most people are completely ignorant that they are being manipulated by Satanists with it. Satanists themselves understand that moral relativism is pathetic and destructive, and they themselves prohibit it among their own, but they have been promoting it for the rest of society and it has been spreading like a cancer into every facet of society, such as, governments, education, religions, etc., and it is simply a weaponized ideology, like many other ideologies. Mark Passio defines moral relativism as such...

“Moral Relativism is the ideology that there is no objective difference between right behavior and wrong behavior, so human beings may arbitrarily ‘create’ or ‘decide’ right and wrong for themselves, based upon their own whims and preferences. In other words, that which we consider ‘right for ourselves’ is what is right, and that which we consider ‘wrong for ourselves’ is what is wrong. Since, according to the inherent and objective Laws of Morality, the aggregate amount of Morality present in the lives of the people of any given society is directly proportional to the amount of Freedom in that society. True Freedom CAN NEVER exist in a society that embraces Moral Relativism.”²⁶

A lot of the Satanic groups that are publicly known, such as the pop culture Satanists, are oftentimes fronts, like the Anton LaVey kind of stuff, and probably has a lot of intelligence agency control. Anton LaVey himself

worked for Interpol for a while as an informant or an asset. So, a lot of these groups, especially cults, typically have this kind of front relationship to some intelligence agency or some kind of group that's fronting them. And then they have concentric circles where you have more powerful entities on the inner core that control these outer portico groups and a lot of things are structured that way, such as, secret societies, the mafia, organized crime, intelligence agencies, they all have that same kind of structure. And a lot of people don't know the inner handlers of these outer groups, and that's done on purpose.³² The most recent display of an open Satanic ritual was at the Travis Scott concert, where people literally died for various reasons while Travis Scott appeared demon possessed while gazing at a body being carried off while he kept saying into the microphone “dead”, “dead”, “dead”, etc. Satanic rituals during concerts are nothing new. Illuminati defector John Todd, decades ago, gave some chilling details about what he knew concerning Satanic rituals and casting spells on albums. John Todd explained how some famous rock band members told him “how when they played in their concerts they would control through witchcraft spells in their mind people to do different things in the audience and they would work the audience up, not just with music but with their mind and music combination.” And he even described how his friend David Crosby from Crosby, Stills and Nash confirmed to him that they still took the master copy of a new record to the “temple room” and that they have a “coven [of witches] to conjure demons into the master” so that they can cast spells upon the people who listen to it.

Secret Societies

In my last book called the Handbook on the Powers that “Should Not” Be, I covered a lot of details concerning the secret societies of the Global Cabal (the Cult). I will not reiterate on that, but I do want to say that many secret societies are all inter-connected together as a network. Some secret societies, such as the Freemasons, started out as preservers of occult knowledge but were later hijacked by the Cult and coopted, and are being used to further the Cult agenda for the New World Order. Secret societies take the agenda that is created by those in the deepest shadows of the Cult, so deep that when you go far enough in the shadows it is ultimately run by

demonic entities and bloodline Illuminati families, and secret societies bring that agenda into the semi-secret Cult front organizations such as the Bilderberg Group, Trilateral Commission, Council on Foreign Relations, etc., and then that agenda gets passed onto less hidden entities like the World Economic Forum and United Nations, and then it gets passed onto governments, which in turn that agenda gets passed on through legislation for public consumption. Many of the secret societies have one thing in common, there is often a dark occult order that practices dark occult traditions. Secret societies such as Freemasonry have different levels and degrees which act as a filtering mechanism, and those in the lower degrees usually have no idea what really goes on in their society in the higher degrees because it is so compartmentalized. This is done in order to protect the secret society from being exposed by those in lower degrees who may break their oaths and defect, and to also monitor those in lower degrees to see who are potential recruits and assets for the agenda of the higher degrees where people are more “in the know.” In Freemasonry there are 33 degrees, and once Masons reach the 33rd degree they are initiated into the Illuminati. According to Joseph “Doc” Marquis, who claimed to be a former member of the Illuminati, said that only the highest degrees of Freemasonry know what is really going on and know “the secrets,” and those that do are in the 33rd degree of Freemasonry, and only 5 percent of those in the 33rd degree know the “full truth” and those that know the full truth of what is going on have already been initiated in the Illuminati. Marquis said, “Truly, Freemasonry is a series of long hallways of smoke and mirrors, designed to lead all but a handful of Masons astray, and to deceive 100 percent of all Non-Masons.”

Chapter 2

THE CULT AGENDA AND NEW WORLD ORDER

I wrote at length on the New World Order in my last book. Among the explanations I shared, I still find the most straight forward description comes from Ken Adachi, referred to and quoted by Jim Marrs...

“After viewing the progression of recent history, (Ken) saw the term ‘New World Order’ as signifying ‘a worldwide conspiracy being orchestrated by an extremely powerful and influential group of genetically-related individuals (at least at the highest echelons) which include many of the world’s wealthiest people, top political leaders, and corporate elite, as well as members of the so-called Black Nobility of Europe (dominated by the British Crown) whose goal is to create a One World (fascist) Government, stripped of nationalistic and regional boundaries, that is obedient to their agenda. Their intention is to effect complete and total control over every human being on the planet and to dramatically reduce the world’s population by 6.5 billion people to 500 million.”³⁸

The New World Order has existed for many years, but it has been ushered in incrementally throughout many decades by a “totalitarian tiptoe,” small steps at a time, in order to go unnoticed, and by false-flag psy-ops that allow the Cult to take larger power-grabs at a time. As time and technology progresses and the Cult agenda becomes more totalitarian, the quicker the process goes and advances more rapidly. The plan is to depopulate the world from its, now, over 7 billion people down to around 500 million. This New World Order plan is also meant to create a technological dictatorship where human consciousness is linked up to the “cloud” so that all human thoughts and perception is controlled by Artificial Intelligence. They are pushing for a one world government, one world currency, and one world religion.

Depopulation

As mentioned above, the desired population of 500 million people is a number that researchers keep running onto, and is even carved in stone on the Georgia Guidestones. The Georgia Guidestones is a monument erected in Elbert County, Georgia, in the United States, that has a bizarre list of precepts that some researchers believe to have been done by the heads of the Rosicrucian order and perhaps funded by the Rockefellars. According to Henry Makow, the stones were constructed by L. Ron Hubbard...

“The Georgia Guidestones were constructed by the founder of Scientology, L. Ron Hubbard in 1980. The 500 million depopulation goal was intended to reserve the planet for scientologists. Hubbard, who considered himself to be "the antichrist," personally supervised the construction, going under the name Robert C. Christian.”⁴¹

Regardless of who erected these stones, the depopulation agenda has been around for a long time, and has been a focal point by the Club of Rome and those behind the Agenda 2030.

The book of Revelation contains some details about global depopulation in chapter 6 and will be discussed in detail below. The depopulation agenda of the Cult is very real, and the Cult goes to great lengths to expose it for the population to see, knowing that the majority of the masses will not even research for themselves to find that information that is hidden in plain sight. There are bizarre reasons why the Cult tells us what they are doing. They tell the population what they are doing because they have this “rule” that if they tell the masses what they are doing then if the masses don’t do anything about it, then the Cult acts on it because it is as if the masses are giving them permission. Even when the Cult speaks in obscurity and the masses don’t recognize the message, the Cult still considers this as permission, which in turn makes this a more “acceptable sacrifice” than if they just sacrificed the masses without giving any kind of clue about what they are going to do. They also believe that giving clues also relieves them of the karmic consequences of taking innocent lives, since they do believe in the Natural Law of the universe. The average person has a very difficult time accepting that the controllers of the world would actually conspire to kill off most of the world’s population, even

when they come out and tell us in numerous ways that they are going to do it, how they plan to do it, and how they are actually doing it. When people like Bill Gates come out publicly talking about lowering the percentage of the global population through jabs, many people are like ‘nah, he really didn’t mean it’, while rushing out to get in line to get his latest inoculation. The wealthiest people in the world get together annually to discuss ways to lower population, and most people either pay absolutely no attention to it, or they have been indoctrinated to believe that the over-population of the world is a real crisis (but it is a complete hoax). Alan Watt, on his radio program explained in a very eloquent manner this issue of culling the population...

“People wake up from a dream into a nightmare. And a lot of people cannot handle that. They can’t handle the nightmare. Because what hits you is you really don’t have what you thought was “a complaints department” for anything. You really thought you did have rights. And you really thought, that is, you were trained to believe that experts above you were taking care of you; that’s what they were employed to do. It never dawned on you because they didn’t tell us that they have a separate agenda with a long-range worldview, to eliminate most of you. It’s quite simple. Eliminate you, as a department of population at the United Nations. They got that from the League of Nations that was a precursor back at the end of World War One. And then they were having global meetings then about how to cull down the population and sterilize people... And you always find psychopaths down through the ages always repeat the same things, they always turn on their population. Now, it’s a global psychopathic club turning on the population of the entire planet. And the one good thing about psychopathy is you can recognize it when you know the signs and symptoms and so on. You know what’s coming, you know how they think. And they always repeat the same things over and over. That’s a classic thing that psychopaths have, they do not learn by experience. They always repeat the same things over and over and over. And these world meetings they candidly lead people, while wearing suits and ties, and all the rest of it, candidly they discuss killing us off. And using diseases to kill off. Like Bertrand Russell and HG Wells said, to be relevant, all the big players mourned the fact that they got rid of the black plague. They said that they need another one. And they said many more things along that way. And they mean it. You see, because we

don't seek power, we don't want to destroy people and kill people. 'Joy' and 'Gene' average can't believe they really mean it because they themselves wouldn't do it. You got to realize you're dealing with a deviant species here, who will do it, and have been doing it. And they plan wars a century ahead. When they were fighting the Vietnam War, the CIA was already working on everything that's happening today for future wars. This is how it works. They don't do one thing at a time and go back to sleep and see that as a job well done. They're on to the next part of the geopolitical agenda, and cycle politics and geopolitics and all the rest of it' ...

Question by a listener... 'But my big question is why don't they just kill us all? Why are they doing things like putting stuff in the water and just enslaving us? If they want to get rid of then why don't they just make a big war and kill us all?'

'It's very simple. For centuries they have done this. They need us to do every step of their agenda so it's perfect. If you kill off everyone on the planet then they're helpless, because they haven't got it all set up for the next phase yet. So, everything is pretty much done carefully by numbers, by proportion, and that's how they work, just like a computer. You miss one little part of the program, the whole thing goes to pot. These guys work by numbers. They work on data to kill us all off. They couldn't complete it all at once because they don't want billions of bodies all over the planet, stinking and rotting for them to clean up. They won't clean it up, they need us to clean up our own dead. That's what they did during previous plagues. We brought the plague carts out as the numbers dwindled. Every day. As more goes down, more carts go down. But we still clean up our own dead and make the system continue to keep them in their luxury. Once it's done, they will do it. They will do it, by numbers, by areas, and so on, and pandemics are perfect for that. If they miss one step, just one step of their agenda, they lose it. That's why they're so careful. And I used to wonder why they don't jump from this step to that step, since we know where they were going years ago. And I realize, no they can't. From previous mistakes they have done probably thousands of years ago, they know they can't miss a single step. And they need our compliance at every step they take. We must go along with every step they take to allow them to do the next step, as we accept and absorb, and accept and absorb. That's why they do it. Not just because they hate us, you see, but this is their planet, and we are in the way now. They don't need masses of peasants

to keep them in luxury now. They don't need that. And in a global system, they don't need countries. China has been hammered too, because China's population has also been brought down drastically. Because all they will eventually have to supply is a fairly small number of global elites, and other technocrats and technicians that keep all the machinery and electronics and so on going. These are far-ranging plans.”³⁴

Let's look at what Scripture has to say about this topic.

War

Revelation 6:4

“Another horse, fiery red, went out. And it was granted to the one who sat on it to take peace from the earth, and that people should kill one another.”

The red horse is symbolic of the shedding of blood, and the rider is Satan. Satan has worked through his Cult to take peace from the world and to cause division and war so people kill each other. War has been used by the Cult for various reasons, one being the obvious depopulation agenda, and another is the less recognized (by the public) dark spiritual aspect, and that is for blood sacrifices for Satan. Henry Makow explains...

“All wars are psyops... World War One, World War Two, the Cold War, Korea, and Vietnam. All of these were staged by Illuminati bankers to degrade and destroy Christian civilization and to sacrifice millions of humans to Satan. If we consider the war dead as ‘heroes’ rather than victims of a diabolical conspiracy, we are not honoring them. We are condoning their murder... Wars are the closest thing to hell on earth. What do you expect? They are devised by Satanists. Why do we accept them as natural and inevitable... All wars are organized by the Illuminati bankers to collect or incur debt, kill goyim, plunder or profit, and to advance their program for Masonic Jewish ‘world government’ tyranny. They appeal to our patriotism to sucker us in. We are told we are fighting to ‘preserve freedom’ when the opposite is actually the case... Ultimately, the New World Order is about replacing the rule of God with the rule of Lucifer. That's why ‘God’

has become a dirty word. War is the principle means by which Lucifer's disciples, the Cabalist (Satanist) central bankers, 'change the world.'"³⁵

Famine

Revelation 6:5-6

So I looked, and behold, a black horse, and he who sat on it had a pair of scales in his hand. 6 And I heard a voice in the midst of the four living creatures saying, "A quart of wheat for a denarius, and three quarts of barley for a denarius; and do not harm the oil and the wine."

This is the third seal, and it means scarcity on earth. Scarcity of food and supplies in this day and time is often manufactured by the Illuminati bankers. They control global currency and are therefore able to control economic crashes that lead to shortages, which in turn gives them control over the population, who therefore become desperate and willing to accept any proposal that promises a "solution." This is called "Problem, Reaction, Solution." They create the problem in order to get the reaction of fear and panic, and then they offer the "solution" to the very problem they created in the first place, which is always loss of freedoms and liberties in exchange for the false promise of security. This latest "pandemic" has been used to crash the global economy in order to crash the existing world system so they can usher in their Great Reset slavery system that is designed for their New World Order, one world government and one world digital currency. Here is how they have used money for control...

"This domination by the banking system over the creation of the currency allows them to decide how much 'money' is in circulation by how much illusory credit they chose to 'loan'. Booms and busts are created at will by increasing or decreasing the amount of theoretical 'money' in circulation that is available for people to spend. Interest rates are manipulated to the same outcome. This is the ever-recurring sequence: (1) issue lots of credit and get lots of people and businesses in debt to money that doesn't exist; (2) dramatically decrease the money in circulation by reducing the number of loans and/or increasing interest rates to trigger an 'economic downturn'; (3) steal all the real wealth that you have taken as collateral when your debtors can't repay

the credit 'loan' plus interest. That's another thing - the interest. Banks only 'create' and 'lend' the amount you have agreed to borrow, but you are repaying that figure plus interest. The interest is never created and so there is never even nearly enough money in circulation, theoretical or otherwise, to pay back all the outstanding debt in the form of principle and interest. People losing their homes, land, businesses and livelihoods is built into the very structure of the financial system on purpose. This is less obvious during a boom with lots of money in circulation but becomes painfully apparent when the money supply is curtailed."³⁶

Plagues

Revelation 6:8

So I looked, and behold, a pale horse. And the name of him who sat on it was Death, and Hades followed with him. And power was given to them over a fourth of the earth, to kill with sword, with hunger, with death, and by the beasts of the earth.

The understanding of the color "pale" traditionally symbolizes plagues. Ancient Christian commentator on Revelation, Caesarius of Arles (470-542) interpreted this to mean, "The pale horse and his rider depict a great plague and the mortality which follows it."³⁷ The Illuminati have made no secret of its desire to decrease the world population. A pandemic is an efficient way to get rid of "useless eaters" without destroying property. The influenza pandemic of 1918-1919 infected 500 million people, 20% of the world's population and killed over 60 million people. This is roughly three times as many people as were killed and maimed in World War I and is comparable to WWII losses. There is legitimate evidence that that pandemic was made-made, as Henry Makow describes...

"In 1948, Heinrich Mueller, the former head of the Gestapo, told his CIA Interrogator that the influenza pandemic of 1918-19, the most devastating plague in human history, was man-made. Mueller said the flu started as an US army bacteriological warfare experiment that somehow infected US army ranks at Camp Riley KS in March 1918, and spread around the world. He says that it 'got out of control' but we cannot discount the horrible possibility that the 'Spanish Flu' was a

deliberate elite depopulation measure. Researchers have found connections between it and the ‘Bird Flu’... At a 1944 Nazi bacteriological warfare conference in Berlin, General Walter Schreiber, Chief of the Medical Corps of the German Army told Mueller that he had spent two months in the US in 1927 conferring with his counterparts. They told him that the ‘so-called double blow virus’ (i.e. Spanish Flu) was developed and used during the 1914 war.”³⁸

What this means, when one looks at what is going on today, and what the possibilities are for the future, the use of depopulation methods that are disguised as random pandemics, are actually attacks against humanity by the Cult. Not only do these “pandemics” kill off large percentages of the population, but they also have death rates that follow it as direct and indirect consequences. Oftentimes the cure can be more deadly than the disease, especially when it was ushered in as a false-flag attack in the first place, which has been planned well in advance, and all the following stages and phases and fake cures are factored into the outcome for higher mortality rates.

One World Government via Technocracy

The one world government is an obvious goal for the New World Order but getting this accomplished not only requires decades of incremental steps of having totalitarian legislation passed by governments working as a network, getting their marching orders from a centralized power entity (the Cult), it also requires that the idea gets put in motion via technology and engineers that will bring about the means to create a technological dictatorship. This technological dictatorship is what is called Technocracy. What is Technocracy? From the horse’s mouth Technocracy was defined in a publication from 1938 Technocracy Inc.,

“Technocracy is the science of social engineering, the scientific operation of the entire social mechanism to produce and distribute goods and services to the entire population of this continent. For the first time in human history it will be done as a scientific, technical, engineering problem. There will be no place for Politics or Politicians, Finance or Financiers, Rackets or Racketeers.”⁴³

“Technocracy is a totalitarian system of government where scientists, engineers and technicians monitor and control all facets of personal and civic life – economic, social and political.”⁴⁸ Herein lies the real danger: They are unelected controllers behind the stealthy takeover of the world that we see unfolding before our eyes today. Technocracy is an ideology that grew as technology advanced, and it is meant to gain total control of society. According to Patrick Wood, technocrats are interested in an economic system, not a political system, and their goal is to create a scientific dictatorship.⁴⁴ He explains,

“Technocracy eschews property rights, obsoletes capitalism, hates politicians and traditional political structures, and promises a lofty utopian dream made possible only if engineers, scientists and technicians are allowed to run society. When Aldous Huxley penned *Brave New World* in 1932, he accurately foresaw this wrenching transformation of society and predicted the end of it would be a scientific dictatorship unlike anything the world has ever seen. Indeed, Technocracy is transforming economics, government, religion and law. It rules by regulation, not by Rule of Law, policies are dreamed up by unelected and unaccountable technocrats buried in government agencies, and regional governance structures are replacing sovereign entities like cities, counties and states. ... Still say you’ve never heard of Technocracy? Well, you probably have but under different names. The tentacle of Technocracy include programs such as Sustainable Development, Green Economy, Global Warming/Climate Change, Cap and Trade, Agenda 21, Common Core State Standards, Conservation Easements, Public-Private Partnerships, Smart Growth, Land Use, energy Smart Grid, de-urbanization and de-population.”⁴⁵

They promote the exploitation of environmental issues to justify global transformation on the basis of “human-caused global warming. The United Nations” Agenda 2030 Sustainable Development program is interwoven with the Great Reset, and both go hand-in-hand. And as mentioned above, it relies heavily upon using a crisis or the perception of a crisis, in order to give themselves the justification to take large power-grabs at a time and create policies and legislation that allow them to strip freedoms away from the population, with the population going along with it thinking that it is for their own good and safety. But human well-being and safety has not always been the characteristics and traits of technocrats. Technocrats were

the ones behind the eugenics program in the United States throughout the 1930-40s and led to compulsory sterilization laws on “genetically inferior” women whom they did not want to continue breeding.⁴⁴ And when you look at modern day technocrats like Bill Gates (whose parents were proponents of the eugenics program), who himself has been pushing to jab the entire population with a jab that many people do not trust, and Elon Musk who is working on projects to link the human brain to artificial intelligence, and whose sending tens of thousands of 5G satellites into space to beam back the internet over the globe, one has to question what the intentions really are. These agendas are being imposed upon humanity without asking for our permission. This is the danger of having extremely wealthy individuals, who are only front men for this Cult, using their wealth and influence to enforce an agenda on a global scale that will totally transform life on earth as we know it, and to pressure humanity to slip into a scientific tyranny and dictatorship. As Patrick Wood describes,

“The playbook is Technocracy and the actors are Technocrats, that is, scientists and engineers who think it is their role to control all of nature, resources, manufacturing, consumption and management of the ‘herd’ of humans on earth that all this is spent on in the end. (Note, not all scientists and engineers are Technocrats!) To a Technocrat, whatever the problem is, science has the answer. Nobody else could possibly have an answer if it isn’t science-driven.”⁴⁶

Today it is very sobering to research the agenda of technocrats, and to connect the dots and see their plans for the world and humanity. They plan to link the human brain to AI, which is an agenda that is being worked on and developed. Elon Musk, a technocrat, has a company called Neuralink and has been experimenting with Brain Machine Interfaces which literally puts silicon in your skull in order to merge human consciousness with Artificial Intelligence. Also, Musk, and now Jeff Bezos, both technocrats, are competing to fill space with 5G satellites in order to give 100 percent of earth broadband access while being continuously covered in 5G contamination. 5G is being sold as having high-speed capabilities and greater bandwidth, but there are great concerns about how the ultra-high frequency of 600MHz will affect the human body, not to mention how it will be used for a tyrannical surveillance of society. Technocrats also plan to build functional Smart Cities designed specifically to control the

population. Here are some key elements to Smart Cities written by Patrick Wood...

1) SURVEILLANCE. Monitor people using biometric facial scanning, geo-spatial tracking, financial data, social media, etc. A population that is surveilled can be easily controlled.

2) TRANSPORTATION. Force people out of private vehicles into shared public transportation such as scooters, bicycles, buses, light rail, etc. Without private transportation, they are locked into the city and out of the rural area.

3) DATA. Collect real-time data from the Internet of Everything (IoE). IoE is an expansion of the Internet of Things concept to include people as well.

4) CONTROL. Social engineering is always leading the thought process of Smart City development. However, unlike elected political representatives, the social engineers are always self-appointed Technocrats who decide what citizens should or should not do, where citizens should or should not go, with whom citizens should or should not associate with, etc. ⁴⁶

So basically, their goal is to connect everything to Artificial Intelligence, which begs the question of why. Joe Murray points out,

“And it's a control system with an agenda for total slavery, a total prison planet with every aspect of life on earth locked down and under their control. They want a global technological grid in place where everyone and everything is connected to it, where every transaction, action, and even thought is monitored and controlled by artificial intelligence, which you therefore have to rightly ask the question then, as David Icke does, what actually is artificial intelligence? If these people put forth all this time, energy, and effort to construct this, this whole complex control system, why would they just hand it over to AI, because that makes them obsolete. When you understand the bigger picture you have to wonder where this is all really coming from.” ⁴⁷

These Technocrats have been developing the technology over the decades in order to link everyone to the “Cloud” for the “internet of things,” meaning everyone and everything is intended to be linked up to the internet and controlled by AI. Implantable microchips have been a

technology that has been around for decades, and many people speculate that this is what the Mark of the Beast will be. I go into the Mark of the Beast in the next chapter in great detail. I suppose it is possible that the Mark could be a microchip, but as we look at the technology they have now, and are beginning to utilize, it looks as if microchips are being superseded by nanotechnology and nanochips that are being injected into the human body (guess how). Will this be the means for controlling the masses who are intended to be full of nanochips, perhaps this working together with all of the 5G frequencies beaming down on every square inch of the earth from Musk satellites?

Chapter 3

THE REIGN OF ANTICHRIST

Christians Acknowledging Eschatology (or not)

Even though we do not know the day nor hour when that time comes for when the Antichrist arrives for the Great Tribulation, we can see how the stage is being set with the creation of the State of Israel, the push for the rebuilding of Solomon's Temple, the moral decline and falling away of humanity, the establishment of a One World government and New World Order, the "platform" for the Mark of the Beast, etc. Christians have interpreted the Bible passages that concern the Antichrist and the Great Tribulation for centuries, ever since the Bible (or sections of it in ancient times) has been circulated. Before Christianity was established 2000 years ago, ancient Jews identified an Antichrist figure in the Old Testament, especially in the book of the prophet Daniel. There has been a spectrum of interpretations on the passages found in the Bible, especially when it comes to Biblical prophecy and End Times study (eschatology), and there is not a universal perspective. I have been studying the Bible and eschatology for over 25 years, and I have researched it through the lens of a variety of positions. I spent ten years as a Fundamentalist Dispensationalist, ten years as a Roman Catholic, and 2 years as an Eastern Orthodox Christian, and within that time I spent many years studying Scripture and Biblical prophecy and highly consulting the writings of the Early Church Fathers, so my background in this area is very broad and eclectic. I have discovered that when considering the meaning of these passages on End Times prophecies, it is not only useful to study Scripture intensely from various Christian perspectives, but it is also quite helpful to learn and understand the beliefs and agenda of those who are most opposed to Christianity and who worship the chief enemy of Christ, that is, the Cult that worships Satan. As mentioned above and thoroughly covered in this book, the actions of the Satanic Cult that has controlled the

world throughout history, and their New World Order agenda that is being rolled out, and their plans for where to take it, goes hand-in-hand with what the Bible says within the End Times prophetic texts. I find it astonishing and quite troubling how, considering the state of the world and the level of tyranny and all the obvious signs of the times, that many Christians fail to see or acknowledge it when it is right there in their own religious writings that they claim to uphold as the Word of God! I personally spent a few years in spiritual limbo, but was brought back in line to my faith in Christ and His teachings by seeing how the stage has been set for the Mark of the Beast and the New World Order. As mentioned above, I spent ten years as a Fundamentalist Dispensationalist, which is a religious ideology that deals with eschatology in a very literal and ‘futurist’ manner, and has an expectation for End Times prophecies to be fulfilled virtually ‘sooner than later’. In my opinion, Fundamentalist Dispensationalist ideology has some real issues that I find problematic (that I deal with in this book), but there are some expectations of prophecies that I think they often handle correctly. I spent ten years as a Roman Catholic, and continued to research eschatology through the lens of Catholicism with just as much excitement as I did the previous ten years, but accepted and embraced (at the time) the common Catholic perspective on eschatology. A key discovery in my studies that ultimately led me to Catholicism was discovering the writings of the Early Church Fathers, who are the early Christians of the Christian faith, within the first eight centuries. I especially studied eschatology from the ancient Christian perspective, which developed over the centuries and was less systematic and less dogmatic than modern Fundamentalist Dispensationalism, with some noteworthy different eschatological views. Then after ten years as a Roman Catholic, I converted to the Eastern Orthodox Church, which is fairly similar to Roman Catholicism, and even have a less significance and concern for End Times studies, which is probably a trait that exists due to the fact that the Eastern churches of the early centuries of Christianity were rather hesitant to accept the book of Revelation as canonical Scriptures.

I mention all of this experience I got in various Christian systems of thought for a reason. Because I spent a few years in limbo, which was a time that I was picking up another area of research with just as much intensity for seeking truth, and that is the area of alternative research, and

studying and researching what many people consider conspiracy theories. I had actually began researching this area since 2015, but it got more intense when I was in ‘limbo’ because all my focus was on that. During this time, I discovered so many different world views, and so much information about who controls the world and manipulates the world population, with an agenda for world control and a New World Order. What I discovered is that so many non-Christian independent researchers who are exposing the agenda of these enemies of humanity, the Satanist Illuminati, and what they are doing, and where they are taking the world, I found that it was very similar to what I learned in my End Times studies years ago. The similarities were so striking and obvious that it was undeniable for me and caused me to rethink my worldview and spiritual views and make some adjustments, almost taking me full circle. So, I guess in a weird way, the greatest enemies of Christ had a huge influence on me to put my trust back into Him with as much, if not more passion as I did before! God works in mysterious ways, using my time in limbo to train me in an area of research that enhances and supplements my years of Biblical research.

As I look at so many ‘Christians’ and churches today, who appear oblivious to what is currently going on in the world, and have completely dropped the ball in their God-given duties to be the light exposing darkness, it reveals to me that Satan has accomplished the job of making ‘Christian’ churches impotent, and even worse, agents for his New World Order agenda. As they comply with tyranny and peddling the Satanic agenda while playing church, instead of exposing what is going on and being a force that could turn everything around quickly, the world is being transformed into a global totalitarian dictatorship like the world has never seen. Mark Passio brilliantly said...

“At this time in history, doing nothing regarding the ongoing destruction of human freedom is complicity with such evil. How many so-called Christians are speaking openly about such dynamics in our world? One cannot go to many churches throughout the world and hear about the Globalist Agenda for a Dark New World Order of slavery. So-called ‘Christians’ barely discuss such topics, let alone attempt to get down to the root causal factors of evil. Even fewer attempt to expose it. They say nothing and they do nothing. Real Christians do

the great work of creation by exposing the works of Darkness for all to see, hear and understand. If you're NOT doing that work, you're NOT a Real Christian."¹²

This may seem like impossible odds for Christians to stand in this age and make any difference against this kind of apocalyptic tyranny on earth, and that we should not even bother standing against it but rather wait for God's plan to unfold. But I don't think it is impossible to stand against it and make a difference on this earth against the New World Order agenda, "*For with God nothing will be impossible.*" (Luke 1:37) And God does not want us to sit back and not try to prevent it from happening either. Nor will it take everyone who professes to be Christians to take action, because that will never happen, nor has it ever. It always took just a remnant of God's people to actually make miracles happen. Michael Tsarion once gave a wonderful illustration of this when talking about how it only took a remnant during the War of Independence to fight off the biggest tyranny of that day...

"The masses have never cared. But do you remember in the War of Independence, how many people in America who stood up against the biggest tyrant of that age, King George the Third, who was the biggest, and had mercenaries from Germany, from Holland on his side, and came on over here to tell your American forefathers, just 200 years ago, what they're going to do? Just three percent of this country stood up and threw them back into the Atlantic Ocean. That's proof positive. What was everybody else doing? Shivering under their beds with fear, waiting for it all to go away. So, I'm not one of these New Age people who believes we're going to wake up the people all the time. That's never going to happen. You don't need to bother about it. People are pretty much not going to get it. They're going to go about their boring life the way they always have. This is an intellectual fight. This is a spiritual fight between agencies, Principalities, which is what the Bible calls it."¹³

Practical solutions are 1) Morality. "As the morality of humanity collectively increases, humanity collectively becomes and remains more free. And as the morality of humanity collectively decreases, humanity collectively becomes and remains more enslaved."¹⁰ 2) Prayer. "*The effective, fervent prayer of a righteous man avails much. Elijah was a man*

with a nature like ours, and he prayed earnestly that it would not rain; and it did not rain on the land for three years and six months. And he prayed again, and the heaven gave rain, and the earth produced its fruit.” (James 5:16-18) Michael Tsarion also gave some practical suggestions...

Each person needs to take personal responsibility. I go into it with more elaboration in my books, but what people can do, some of them that's obvious, which is, identify the enemy, collaborate, legally empower yourself, use technology to advance this knowledge, because it's going to happen from the underground. Don't wait for big brother to go, 'Hey, tell us all about it. You know, we'll give you millions and fund it.' It's going to be individuals on a grassroots level... bloggers, independent channels... people are crying out for alternative information.”¹³

So, with that being said, let me focus on the Antichrist and the Great Tribulation.

The Great Tribulation

Christians for many centuries, going all the way back to Apostolic times, have used the Christian Scriptures to recognize that in the End Times, meaning that just prior to the Second Coming of Jesus and the General Resurrection and Judgment Day, there will be a short period of time called the Great Tribulation, where the whole world will be forced into a one world totalitarian dictatorship, one world currency, and a one world religion. This period of time, according to Jesus will be the most distressing time in the history of the world...

*Matthew 24:21*For then there will be great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be. *22*And unless those days were shortened, no flesh would be saved; but for the elect's sake those days will be shortened. *23*“Then if anyone says to you, ‘Look, here is the Christ!’ or ‘There!’ do not believe it. *24*For false christs and false prophets will rise and show great signs and wonders to deceive, if possible, even the elect. *25*See, I have told you beforehand. [Matthew 24, Mark 13, Luke 21]

Some people understand this Olivet Discourse by Jesus to be referring to the time in 70AD when the Romans sacked Jerusalem. This prophecy by

Jesus was concerning that event in 70AD as a ‘partial fulfillment’, but as Scripture does in some cases concerning prophecy, it has a multiple fulfillment, especially so in this case, and the ultimate fulfillment of this prophecy will take place just prior to the Second Coming of Christ. Jesus then immediately after giving this prophecy of this “Tribulation” then says His Second Coming is going to happen...

29“Immediately after the tribulation of those days the sun will be darkened, and the moon will not give its light; the stars will fall from heaven, and the powers of the heavens will be shaken. 30Then the sign of the Son of Man will appear in heaven, and then all the tribes of the earth will mourn, and they will see the Son of Man coming on the clouds of heaven with power and great glory. 31And He will send His angels with a great sound of a trumpet, and they will gather together His elect from the four winds, from one end of heaven to the other.
 [Matthew 24]

Below is a list of the chronological events of the Great Tribulation found in the book of Revelation. Note, these are only passages from the book of Revelation, there are other places in the Bible that concern the Great Tribulation...

- 7:1-8 _____ Prior to Tribulation; sealing of the 144,000
- 8:1-6 _____ God’s people pray, and heavenly saints respond
- 11:1-2 _____ Tribulation saints “measured” by John
- 8:7- 9:21 _____ The trumpet judgments
- 11:4-14 _____ The 2 witnesses-Enoch and Elijah
- 13 _____ The Antichrist and the False Prophet
- 14:1-5 _____ Tribulation saints worshipping God
- 14:6-13 _____ Fall of Babylon proclaimed
- 15 _____ Tribulation saints endured the Tribulation
- 16 _____ The Bowl Judgments

17:1-15_____The Harlot (old world system)
persecutors of God's people

17:16-18_____Antichrist and the Cult destroy the
Harlot (world system)

18:1-20_____Fall of Babylon (world system crashes),

19:1-10_____Heavenly celebration of the destruction of the
Harlot

As for the length of time of the Great Tribulation, some claim that according to Daniel chapter 9, that it will consist of two periods of three and half years, which add up to seven years total. Not everyone interprets it that way, and I am not going to dwell on that either way. But one thing is for sure is that the Antichrist will reign in severe harshness for three and half years, which will be, as Jesus is recorded as saying, "*For then there will be great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be.*" (Matt. 24:21)

Antichrist and the Temple

Jesus revealed that just prior to the Great Tribulation, He mentioned the "*abomination of desolation*", which has multiple meanings and multiple fulfillments, that being the time when the Romans sacked Jerusalem in 70AD, and ultimately concerning the future when the Antichrist will come and set himself up in the Temple as God...

*15"Therefore when you see the 'abomination of desolation,' spoken of by Daniel the prophet, **standing in the holy place**" (whoever reads, let him understand) (Matthew 24)*

The Apostle Paul confirms this as well in his second epistle to the Thessalonians chapter 2...

1Now, brethren, concerning the coming of our Lord Jesus Christ and our gathering together to Him, we ask you, 2not to be soon shaken in mind or troubled, either by spirit or by word or by letter, as if from us, as though the day of Christ had come. 3Let

*no one deceive you by any means; for that Day will not come unless the falling away comes first, and the man of sin is revealed, the son of perdition, 4who opposes and exalts himself above all that is called God or that is worshiped, so that **he sits as God in the temple of God**, showing himself that he is God. (2 Thessalonians)*

What this demonstrates here to us is that the Antichrist will be reigning during a period of time just prior to the Second Coming of Christ, and he will be in the Jewish Temple in Jerusalem, and he will set himself up as God. This is also confirmed in multiple places in the book of Revelation. Revelation chapter 11 describes a time during the Great Tribulation when there will be two witnesses (perhaps Elijah and Enoch) who will come and lead many people to God, and the Antichrist will have them killed in the streets of Jerusalem and they will rise...

*7When they (the 2 witnesses) finish their testimony, the beast that ascends out of the bottomless pit will make war against them, overcome them, and kill them. 8And their dead bodies will lie in the street **of the great city which spiritually is called Sodom and Egypt, where also our Lord was crucified.** (Revelation 11)*

“*Sodom and Egypt*” is obviously symbolic for Jerusalem, and is confirmed when John says it is “*where also the Lord was crucified.*” Researchers who study the Kabbalah find that it mimics the book of Revelation in many key points concerning the Antichrist and Satan, but it expresses them as being a positive entity rather than evil. The Lurianic Kabbalah, named after its creator, Jewish rabbi Isaac ben Solomon Luria (1534-1572), emphasizes messianic belief, which still remains a pillar of Sabbatian-Frankism today. Their “belief in the coming messiah who will rule the world from Jerusalem, a savior and liberator of Jewish people, is driving modern events and most obviously the step-by-step process of Zionism taking complete control of Jerusalem and replacing the Al-Aqsa mosque with a rebuilt Solomon’s Temple... We are now living in the new Messianic Age according to these deluded people; an age when their ‘messiah’ descended from ‘King David via Solomon’ will rule the world from Jerusalem.”⁴ According to Texe Marrs, the Kabbalah teaches that the “holy serpent is

the true God; that all the evil that a person does, through alchemy is magically transformed into righteousness; and that yes, Lucifer is Lord. Satan is the true and only god. That is the essential doctrine of Cabalism.”⁹

Jerome of Stridon, the great scholar of the 4th and 5th century, had this to say when commenting on Daniel 9:24-27...

“Jerusalem and the Temple shall be rebuilt during three and a half years within the final week [of Daniel], beginning with the advent of Elijah, who according to the pronouncement of our Lord and Savior (Luke 1) is going to come and turn back the hearts of the fathers towards their children. And then the Antichrist shall come, and according to the Apostle he is going to sit in the temple of God (2 Thess. 2) and be slain by the breath of our Lord and Savior after he has waged war against the saints. And thus it shall come to pass that the middle of the week shall mark the confirmation of God's covenant with the saints, and the middle of the week in turn shall mark the issuing of the decree under the authority of Antichrist that no more sacrifices be offered. For the Antichrist shall set up the abomination of desolation, that is, an idol or statue of his own god, within the Temple. Then shall ensue the final devastation and the condemnation of the Jewish people, who after their rejection of Christ's truth shall embrace the lie of the Antichrist.”¹⁴

Apparently, there has already been plans laid out and efforts made to rebuild the Temple in Jerusalem, which is a sign that the prophecy could be fulfilled soon for the Antichrist to come. Texe Marrs says...

“Many Jews and rabbis today have organized and are preparing to rebuild the Temple on the holy mount in Jerusalem. Millions of Jews pray annually at the wailing wall on the Temple Mount in Jerusalem, which they claim is the remains of the old Temple.”¹⁵

The Falling Away

This Satanic Cult is following their plan to bring about a destruction of morality worldwide in order to usher in this final plan for world domination (New World Order). John Henry Newman describes this “*falling away*” in a very revealing way...

“that the coming of Christ will be immediately preceded by a very awful and unparalleled outbreak of evil, called by St. Paul an Apostasy, *a falling away*, in the midst of which a certain terrible Man of sin and Child of perdition, the special and singular enemy of Christ, or Antichrist, will appear; that this will be when revolutions prevail, and the present framework of society breaks to pieces; and that at present the spirit which he will embody and represent is kept under by ‘the powers that be,’ but that on their dissolution, he will rise out of their bosom and knit them together again in his own evil way, under his own rule, to the exclusion of the Church.”¹⁹

Newman even mentions “the powers that be,” who I prefer to call “the powers that should not be,” and this is the Cult that has hijacked the world, and where the Antichrist will come from. This is very important to understand, since many people have been led astray by falling for the fake narrative by the mainstream media that has created boogeymen like Islam, or whoever is in the crosshairs of the Illuminati agenda at the time. It tends to be trendy for the general public to think the Antichrist is going to come out of whatever boogeyman narrative the very “powers that be,” who own the mainstream media, and write the script for the propaganda, the media pumps out 24/7. Whatever war the Illuminati bankers create, the Christians from the general public will almost always think the manufactured “enemy” of the day will be where the Antichrist will come out of. But at this moment I will digress from that and bring it back up when I specifically describe the Antichrist, but now continue to describe this “falling away.”

As former priest of the Church of Satan, Mark Passio, who understands quite well the ideology of Satanism, passionately teaches, “As the morality of humanity collectively increases, humanity collectively becomes and remains more free. And as the morality of humanity collectively decreases, humanity collectively becomes and remains more enslaved.”¹⁰ These dark occultists know that the key to get the whole world to fall into total subjection to them is to accelerate society into depravity, and once that is

accomplished then they can arrive to the place where they can unleash their New World Order endgame with little resistance from the collective. As we look at society today, the moral decline is utterly staggering and is at freefall. The Satanic ideology of relativism has spread like cancer for many decades and has taken root even in the very place that it should be opposed the most, that is Christian institutions and Christian circles. This is no doubt what the Apostle Paul had in mind when he wrote to the Thessalonians when he said, “*for that Day will not come unless the falling away comes first.*” Let’s take a close look at the passage once again (for I quoted part of it above), but I will highlight a few things concerning this decline in immorality...

*“3 Let no one deceive you by any means; for that Day will not come unless **the falling away** comes first, and the man of sin is revealed, the son of perdition, 4 who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God... 6 And now you know what is restraining, that he may be revealed in his own time. 7 For **the mystery of lawlessness is already at work**; only He who now restrains will do so until He is taken out of the way... 9 The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, 10 and with all **unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved. 11 And for this reason God will send them strong delusion, that they should believe the lie, 12 that they all may be condemned who did not believe the truth but had pleasure in unrighteousness.**” (2 Thessalonians)*

Mystery of Lawlessness

As mentioned above, this “falling away” revealed by the Apostle Paul is prior to the leading up to the coming of the Antichrist. This “falling away” is made up of a worldwide moral decline and apostasy. Paul says, “*mystery of lawlessness is already at work,*” whom Paul probably had Nero (54-68AD) in mind since he was a type of the Antichrist. For he too wished to

be thought a god. Early Christians also understood Diocletian (Roman emperor from 284 to 305AD) to be another type of the Antichrist, as well as Julian the Apostate (Roman emperor from 361 to 363AD). John Henry Newman says...

“St. Paul says, in the passage before us, that ‘the mystery of iniquity does already work,’ that is, even in his day, as if Antichrist had in fact come even then. But he would seem to mean merely this, that in his day there were shadows and forebodings, earnest, and operative elements, of that which was one day to come in its fulness. Just as the types of Christ went before Christ, so the shadows of Antichrist precede him. In truth, every event of this world is a type of those that follow, history proceeding forward as a circle ever enlarging. The days of the Apostles typified the last days: there were false Christs, and risings, and troubles, and persecutions, and the judicial destruction of the Jewish Church. In like manner, every age presents its own picture of those still future events, which, and which alone, are the real fulfilment of the prophecy which stands at the head of all of them. Hence St. John says, *‘Little children, it is the last time; and as you have heard that the Antichrist shall come, even now are there many Antichrists; whereby we know that it is the last time.’* (1 John 2:18) Antichrist was come, and was not come; it was, and it was not the last time. In the sense in which the Apostles’ day might be called the ‘last time,’ and the end of the world, it was also the time of Antichrist.”¹⁹

Another type was the false Jewish messiah of this Satanic cult, Sabbatai Zevi from the 17th century, who was a type of the Antichrist with his doctrine of “redemption through sin,” and completely inverted traditional Judaism. Even in one of his own prayers he said, “Blessed are you, Lord our God, King of the Universe, who makes the forbidden things possible.”¹¹ This Satanic cult has a doctrinal teaching that the “Godhead takes a human form which allowed for leaders of the sect to be incarnated into that Godhead, from Sabbatai Zvi through to Jacob Frank and others.”¹¹ “After Frank, the godly reign apparently passed to the Rothschilds, and now their incarnate god is either a Rothschild god-man or they are waiting for his incarnation and manifestation among them.”⁷ This means that the Antichrist will probably be of this succession and lineage from the Sabbatian-Frankist Death Cult. Jesus is recorded to have said...

“For false christs and false prophets will rise and show great signs and wonders to deceive, if possible, even the elect.”
(Matthew 24:24)

At the time of the Jewish captivity, there were many leaders who declared themselves to be Christ. In this Sabbatean-Frankist cult, Sabbatai Zevi and Jacob Frank were declared to be the Messiah, and there may be more who carry on the ‘*mystery of lawlessness*’ before the Antichrist as the ultimate fulfillment arrives.

An interesting bit of information comes from Fritz Springmeier in his book “Bloodlines of the Illuminati,” where he describes how the spirit of the Antichrist was passed onto Adolf Hitler, claiming that Hitler was of the bloodline of the Rothschilds, and therefore that lineage has been passed on through Hitler’s offspring...

“Who was Hitler? Hitler’s father was the offspring of the Rothschild’s secret breeding program which impregnated his grandmother. It appears from the detail available, Hitler was groomed for his role, taking over Germany... Hitler’s seed (the Rothschild’s powerful generational occult bloodline) was hidden in an Askenazim bloodline, at least part of which has come to the U.S. In fact Hitler’s generational occult power was passed on too... Hitler is viewed as the Messiah, the Holy Spirit, the martyred Savior of his people by his followers today. The blasphemous Holy Book of Adolf Hitler states, ‘All hail to God’s Christ and Chosen, Adolf Hitler... Lord of Lords, and King of Kings, the Eternal Adolf Hitler’... Hitler’s descendants both live on today... Will this powerful occult branch of the Rothschild’s be used by the New World Order? Whatever the case, it is clear that Hitler’s Antichrist spirit will get plenty of demonic help... According to Revelation, God is going to have an angel open up a key to the abyss and teeming hordes of demonic spirits shall be descending upon the earth. My conclusion is that Satan has so many Antichrists available that Hitler’s personal occult power is not necessary for the New World Order’s success.

I rarely like to comment on the End Times from Scriptures because I feel like most people are thoroughly confused about the clear teachings that the Scriptures give. 2 Thessalonians 2:3 and other Scriptures make it clear that the Christians must witness a great apostasy and the Antichrist being revealed before Christ returns. We can live everyday

as if it may be our last, but Scriptures are clear that the Apostles did not live each day as if Jesus could return that day. They knew that certain things had to happen first. The Church has been going through tribulations since Pentecost. The Church will go through the ‘Great Tribulation’ according to the Word of God. We will if we are that faithful remnant we will be spared from the Wrath of God, but we will not be spared from the Tribulation of Satan which shall include martyrdom. The New Age leaders are fully ready to cooperate with this ‘cleansing’ from the earth of us bothersome disciples of Truth. In this respect, their thinking will resemble the Nazis’ rationalizations that people must pay their Karmic debt, and shall benefit from being killed. How truth can be stood on its head! The Plans are already drawn up how to use rail lines to move large groups of civilians to labor camps. When we compare Nazi Germany with today’s New World Order plans, Nazi Germany can be seen to be the basic model of what Satan’s timetable includes for us next few years.”⁴²

Another example worth considering as related to the ‘*mystery of lawlessness that is already at work*’ is within the Vatican. Books have literally been written about the crisis in the Catholic Church, and the root of it is the Vatican. Leo Lyon Zagami, a former Illuminati insider says...

“Today, the Devil is lurking in the very heart of the Roman Catholic Church, warned the late Father Gabriele Amorth (1925-2015) in 2009... At the time, Father Amorth sent shock waves around the world... Before his death in 2016, the Vatican’s chief exorcist for over a quarter century observed, ‘The Devil resides in the Vatican, and you can see the consequences.’ We are seeing the consequences now from Pennsylvania and Washington DC all the way up to College of Cardinals. Fr. Amorth described: ‘Cardinals who do not believe in Jesus and bishops are linked to the demon’... We imagined that the Antichrist’s kingdom would be the creation of a Satanic Church, and the conversion of the world’s population to a new Satanic religion, but from the shocking results of the recent investigations into the Catholic Church, we finally understand that the elite of the New World Order is very happy with a Jesuit controlled Church. They don’t want everyone in the world to join Anton LaVey’s Church of Satan, or more contemporary Satanic Temple of Lucien Greaves, even in these cults are growing a lot in the last few years... Greaves said in a recent documentary... ‘It makes much more sense in their eyes to infiltrate

and exercise control over a Church that is already in existence, like the influential Catholic Church for example, that has already solidified its power-base globally for centuries, and secretly controls through the Jesuits, most of the Satanic and New Age sects worldwide. There is no church that fits this plan and course of action more perfectly than the Catholic Church, which has been for centuries the most powerful religious force in the world, and in many ways still is in full control of the Illuminati elite of the New World Disorder, thanks to the Jesuits.”¹⁷

Revelation chapter 13 reveals that preceding the Second Coming of Christ, there will be two figures who will exercise the full power of Satan himself. Considering the analysis above with the “mystery of lawlessness,” I think it is appropriate to now go into full detail concerning the Antichrist and the False Prophet mentioned in Revelation 13.

The Antichrist and the False Prophet

So far leading up to this point I have covered some details about the Antichrist, such as, there will be a moral decline and falling away preceding his arrival. He will probably be Jewish or appear to be Jewish, which will allow him to pose as the Messiah that many Jews are expecting to come. Scripture has prophesied of him being in Jerusalem and setting himself up in the rebuilt Temple of Solomon as God, during the Great Tribulation, which is a short period of time, three and a half years, or seven years as some interpret based upon Daniel 9.

THE ANTICHRIST (BEAST COMING OUT OF THE SEA)

The book of Revelation specifically describes both the Antichrist and the False Prophet in chapter 13, along with very important details. Let us begin with the first two verses...

Revelation 13:1-2

1 Then I stood on the sand of the sea. And I saw a beast rising up out of the sea, having seven heads and ten horns, and on his horns ten crowns, and on his heads a blasphemous name. 2 Now the beast which

I saw was like a leopard, his feet were like the feet of a bear, and his mouth like the mouth of a lion. The dragon gave him his power, his throne, and great authority.

The **beast of the sea** is reference to the Antichrist. The **horns, heads, and crowns** are all references to the kingdoms (heads) and kings (horns) that are under his subjection, while crowns are a sign of royalty. The **blasphemous name upon his head** is reference to him demanding to be acknowledged as God. The different animals and animal parts shows that the Antichrist will have a mixture of different nations under his subjection, since those symbols are the symbols used by Daniel (chapter 7) to signify different kingdoms. The Devil will **give him power**, which is like an imitation of the Father and the Son, such as Jesus was God in the flesh, the Antichrist will be like Satan in the flesh.

As mentioned above, the Antichrist will probably be Jewish or pose as a Jew, otherwise convincing Jews that he is the Messiah undoubtedly would not work. He will ultimately be a Sabbatean-Frankist and will probably claim to be god-incarnate, and be within the lineage of Sabbatai Zevi and Jacob Frank. Perhaps he will be a Rothschild. People have erroneously speculated the Antichrist to be whoever the “boogeyman of the day” is. What many fail to understand, which is one of the very things that I have set out to help people understand, is that the “Powers That Should Not Be” oftentimes create these boogeymen of day through false flags attacks and divide and conquer methods. The past few decades the Illuminati Satanic death Cult, who was behind the events of 911, has created the boogeyman using Islam, in order to manipulate the public to perceive Muslims as the enemy who wants to kill them, and made it look like 911 was carried out by Muslims. This was done to convince the population to go to war and kill Muslims, even in countries that we knew had absolutely no involvement in 911, and to feel patriotic about it. What the public did not understand as a collective was that the ones who carried out 911 were agents of the Illuminati made up of a global network of what many Americans would have least expected the real boogeyman to be, that is many Zionist and Sabbatean-Frankist agents from within their own government and intelligence agencies, and Israel and Saudi Arabia. The so-called Muslim connection through Saudi Arabia is not even truly Islam, but is Wahhabism, which comes from the same Sabbatean-Frankist roots

that the ideology of Zionism spawned from. But the Cult manipulated non-Muslims to think Muslims were behind 911, and in turn has led to some Christians to assume that Islam is where the Antichrist will come from. Text Marrs describes this misunderstanding quite well...

“In past eras, it was speculated that the Antichrist could be Hitler, Mussolini, Stalin, or the head of the European Community. Lately, a number of books have come out erroneously declaring the soon coming of the Islamic Antichrist. Whoever is most in vogue is usually figured to be the likely ‘antichrist.’ It’s sort of a pin-the-tail on the donkey type of game. But this depiction of God’s prophecy of the Antichrist as a Muslim is a grave error. In the evangelical Christian community today are many such errors. This error is often promoted by the Jews”¹⁵

Revelation 13:3

3 And I saw one of his heads as if it had been mortally wounded, and his deadly wound was healed. And all the world marveled and followed the beast.

The **mortally wounded head** indicates that he will appear to die but comes back to life, which is an imitation of the death and resurrection of Jesus. There is a lot of counterfeiting that Satan does that is in imitation of Christianity.

Revelation 13:4

4 So they worshipped the dragon who gave authority to the beast; and they worshiped the beast, saying, “Who is like the beast? Who is able to make war with him?”

It says that “*they worshipped the dragon,*” and this is the doctrine of the Luciferians today, as David Spangler of the United Nations, and Director of Planetary Initiative, a Lucis Trust Member, Freemason, and Outspoken Luciferian, in 1978 said...

“No one will enter the New World Order unless he or she will make a pledge to worship Lucifer. No one will enter the New Age unless he will take a Luciferian Initiation.”²¹

Not only does the political power and influence of the Antichrist convince people to follow him, but his use of the supernatural makes him look indestructible. Henry Makow shares some excellent insight based upon possible and/or likely scenarios of how the Antichrist will get people to worship him...

“To induce worship, the Antichrist will not initially appear as a tyrant, but as a ‘savior’. To save us from what? Probably from all the chaos the Satanic Illuminati will have created: wars ignited by false flags, famines from artificial food shortages, plagues from viruses synthesized in laboratories. HAARP (High-frequency Active Auroral Research Program) generated storms and earthquakes, and perhaps even a fake ‘Blue Beam alien attack, simulated by holograms of spaceships. Having contrived these disasters, it will be easy for him to stop them. By turning off HAARP, for example, he will appear to duplicate the feat of Jesus in quelling the storm on the Sea of Galilee. These high-tech counterfeit ‘miracles’ will allow him to be accepted as God, as Christ returned.”⁵

Revelation 13:5-10

5 And he was given a mouth speaking great things and blasphemies, and he was given authority to continue for forty-two months. 6 Then he opened his mouth in blasphemy against God, to blaspheme His name, His tabernacle, and those who dwell in heaven. 7 It was granted to him to make war with the saints and to overcome them. And authority was given him over every tribe, tongue, and nation. 8 All who dwell on the earth will worship him, whose names have not been written in the Book of Life of the Lamb slain from the foundation of the world. 9 If anyone has an ear, let him hear. 10 He who leads into captivity shall go into captivity; he who kills with the sword must be killed with the sword. Here is the patience and the faith of the saints.

The Antichrist will reign for three and a half years, and he will persecute the Church. Jesus said, “*For in those days there will be such tribulation as has not been from the beginning of the creation which God created until now, and never will be (Mark 13:19),*” but “*he who endures to the end will be saved (13:13).*”^{v.8} *and all who dwell on earth will worship it.* Henry Makow offers this scenario, “Worshipping the Antichrist will undoubtedly

include human sacrifices, a practice consistently associated with Satan worship, from child sacrifices offered to the demonic Baal in the OT, to today's mock human sacrifices carried out by America's elite at Bohemian Grove."⁵

THE FALSE PROPHET (BEAST COMING OUT OF THE EARTH)

Revelation 13:11

11 Then I saw another beast coming up out of the earth, and he had two horns like a lamb and spoke like a dragon.

This is reference to the False Prophet, who will be a religious figure that will lead people to follow the Antichrist. The **two horns like a lamb** is his appearance to be innocent and pure, but his words are evil and satanic. The False Prophet will also have all the powers of Satan as the Antichrist does. I have also pointed out elsewhere in this book that Sabbatai Zevi of the late 1600's declared to be the Messiah and was a type of the Antichrist to come, and he had a false prophet called Nathan of Gaza who acted as a forerunner for Zevi. In the same way, instead of a type, the Antichrist to come will have the False Prophet, whoever he may be. Some think it will be a pope from the Vatican. Leo Lyon Zagami thinks that the present pope, Pope Francis is the False Prophet, and he points out in his book how he thinks Pope Francis fits the profile...

"It is apparent to faithful Catholics today, and more so as the past years have demonstrated, some of Pope Francis' actions and teachings have raised legitimate and serious concerns about the Satanic nature of his mission... Now, it is important to recognize before it is too late, that Pope Francis is actually the False Prophet of the Book of Revelation, and the greatest deceiver to walk the earth, because this Jesuit is the epitome of a wolf in sheep's clothing, perfectly pretending to be that which he is not."¹⁷

Revelation 13:12-12

12 And he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast, whose deadly wound was healed. 13 He performs great signs,

so that he even makes fire come down from heaven on the earth in the sight of men.

The false prophet is probably the Devil's imitation of an Apostle, just like the Apostles were given authority to lead people to Christ, the False Prophet has been given authority and power by the Devil to lead people to the Antichrist. He (False Prophet) could also imitate the same sort of forerunning like John the Baptist did for the Lord to prepare the hearts for the one coming, except of course the False Prophet would be an evil imitation.

Revelation 13:14-15

14 And he deceives those who dwell on the earth by those signs which he was granted to do in the sight of the beast, telling those who dwell on the earth to make an image to the beast who was wounded by the sword and lived. 15 He was granted power to give breath to the image of the beast, that the image of the beast should both speak and cause as many as would not worship the image of the beast to be killed.

Its ability to work miracles and to **make the image of the beast speak** is done through the work of demons and the power of Satan.

Mark of the Beast 666

During the Great Tribulation there will be a requirement for everyone to receive the Mark of the Beast, and “*no one may buy or sell except one who has the mark or the name of the beast,*” and they are to “*receive a mark on their right hand or on their foreheads.*”

Revelation 13:16-18

16 He causes all, both small and great, rich and poor, free and slave, to receive a mark on their right hand or on their foreheads, 17 and that no one may buy or sell except one who has the mark or the name of the beast, or the number of his name. 18 Here is wisdom. Let him who has understanding calculate the number of the beast, for it is the number of a man: His number is 666.

As for what exactly this Mark of the Beast is, I am not willing to say that I know for sure, even after 25 years of research. I think that many future prophecies of End Times will not be fully understood until those things are being fulfilled or are fulfilled. That is a principle that I have chosen to follow personally, by heeding the warnings from Scripture to not predict certain things, and by seeing the follies of many others throughout the centuries who proclaimed they know the “whos and hows” about specific things concerning the End Times, to then be proven wrong. Early Church Father Irenaeus of Lyons (130–202AD) gave, in my opinion, the wisest perspective concerning the Mark of the Beast...

“It is therefore more certain, and less hazardous, to await the fulfilment of the prophecy, than to be making surmises, and casting about for any names that may present themselves, inasmuch as many names can be found possessing the number mentioned; and the same question will, after all, remain unsolved. For if there are many names found possessing this number, it will be asked which among them shall the coming man bear. It is not through a want of names containing the number of that name that I say this, but on account of the fear of God, and zeal for the truth... We will not, however, incur the risk of pronouncing positively as to the name of Antichrist; for if it were necessary that his name should be distinctly revealed in this present time, it would have been announced by him who beheld the apocalyptic vision.”

That being said, without declaring that I know for sure the meaning of 666 and what exactly the Mark of the Beast is, I will give some possibilities and speculations that have been made by various people on the subject. First let’s look at some early speculations. Irenaeus gives some calculations...

“For if there are many names found possessing this number, it will be asked which among them shall the coming man bear. It is not through a want of names containing the number of that name that I say this, but on account of the fear of God, and zeal for the truth: for the name *Evanthas* (ΕΥΑΝΘΑΣ [EUANTHAS]) contains the required number, but I make no allegation regarding it. Then also *Lateinos* (ΛΑΤΕΙΝΟΣ [LATEINOS]) has the number six hundred and sixty-six; and it is a very probable solution, this being the name of the last kingdom of the four seen by Daniel. For the Latins are they who at present bear rule: I

will not, however, make any boast over this coincidence. *Teitan* too, TEITAN [TEITAN], the first syllable being written with the two Greek vowels (ε and ι), among all the names which are found among us, is rather worthy of credit. For it has in itself the predicted number, and is composed of six letters, each syllable containing three letters; and the word itself is ancient, and removed from ordinary use; for among our kings we find none bearing this name Titan, nor have any of the idols which are worshipped in public among the Greeks and barbarians this appellation. Among many persons, too, this name is accounted divine, so that even the sun is termed ‘Titan’ by those who do now possess the rule. This word, too, contains a certain outward appearance of vengeance, and of one inflicting merited punishment because he (Antichrist) pretends that he vindicates the oppressed. And besides this, it is an ancient name, one worthy of credit, of royal dignity, and still further, a name belonging to a tyrant. Inasmuch, then, as this name ‘Titan’ has so much to recommend it, there is a strong degree of probability, that from among the many names suggested, we infer, that perchance he who is to come shall be called ‘Titan.’ We will not, however, incur the risk of pronouncing positively as to the name of Antichrist; for if it were necessary that his name should be distinctly revealed in this present time, it would have been announced by him who beheld the apocalyptic vision. For that was seen no very long time since, but almost in our day, towards the end of Domitian’s reign.”²⁰

My friend Frank Gumerlock, scholar of ancient Christian eschatology, has translated a work from the 5th century that calculated the number of the Beast as being Nero. I will provide a condensed excerpt of his analysis...

“There is even a fifth-century chronicle from North African Christianity, entitled *Book of Genealogy*, which holds to the identification of Nero Caesar as the man of Rev 13:18, and claims that 666 is the sum of the numerical value of the Hebrew letters *nrwn qsr*. The writer believed that the Antichrist would be Nero *redivivus*, a revived Nero. He indicated this where he explained that just as Nero was the first great persecutor of the Christians, so also he would be their last. The *Apocalypse commentary of Victorinus on Rev. 13:3* confirms that some early Christians associated the healing of the mortal wound of the beast in that passage with Nero; and the exegesis of the eastern fathers John Chrysostom and Theodoret of Cyrus confirm that many interpreted the mystery of iniquity in 2 Thess. 2:7 as Nero (*Chrysostom, Hom 2 Thess, 4; NPNF 13:389; Theodoret of Cyrus,*

Commentary on the Letters of St. Paul, 2:129). Both Augustine and Quodvultdeus inform us that the Nero Antichrist belief was alive and well there. Augustine wrote in his City of God: ‘Some think...that in saying, ‘For the mystery of iniquity does already work,’ he alluded to Nero, whose deeds already seemed to be as the deeds of Antichrist. And hence some suppose that he shall rise again and be Antichrist. Others, again, suppose that he is not dead, but that he was concealed...and will live until he is revealed in his own time. (*Augustine, Civ. 20.19.*)’ The Book of Genealogy explains that either Nero will return from his hiding as the Antichrist, or a Jewish Antichrist will come in the spirit of Nero. This is confirmed for the author by the words of the apostle John, ‘*you have heard that Antichrist is coming*’ (1 John 2:18). But until such time as Nero returns for a second wave of persecution against the church, he has satellites, many little assistant antichrists working on his behalf.’²⁴

As for the reading of the Scripture text of the number 666, ‘there is a variant reading found in some ancient Bible manuscripts with the number of 616. This 616 variant, found in papyrus Oxyr. 4499, uncial manuscript C, cursives 5 and 11, and Codex Ephraemi rescriptus, was known to early Christian writers of the second through eighth centuries including Irenaeus, Tyconius, Caesarius of Arles, and the unknown authors of De monogramma and the Irish Reference Bible.’²⁴

Another possibility to consider is to look around the world today and ask, “what has started to be used in order to enslave people with a requirement, in order to buy or sell?” The latest “pandemic” has ushered in legislation in countries throughout the whole world and given people an ultimatum of either showing that you have been injected with the jab, or you lose your job. Many places throughout the world are and have required people to be fully injected, or you cannot participate in society, such as enter grocery stores, restaurants, etc. This has become increasingly demanding and is rolling out with more intensity. I am not saying that the injections themselves are the Mark of the Beast, but I am saying that whatever proof that is required to show that you have been injected, highly resembles what the Mark of the Beast appears to be, in concept. This concept appears to be an accurate model of what the Mark of the Beast is supposed to be. I personally don’t think the injection fully fits the criteria in and of itself, but the mechanism that proves that you have been injected is what I believe

fits the criteria. I think that at this point in time the mechanism itself is still being developed and probably has not been fully ushered out yet, but that prototypes are being used until the POWERS THAT SHOULD NOT BE have everything set in place. Not only do I think that the injections will be among the requirements for having the Mark, but I also think that there will be many more things required, as time progresses, in order for the Mark to be updated and valid for people to have access to minimal necessities like food, shelter, supplies, digital currency, and participation in society, aka “buy or sell”. No doubt that there will be requirements such as whatever and however many injections they enforce everyone to be inoculated with, not to mention whatever proof of compliance to the Global Warming/Climate Change agenda. When one researches the intended social credit system that the Technocrats have developed and plans to usher out globally, it all begins to make sense how the Mark of the Beast concept fits right in with Agenda 2030 “Sustainable Development” slavery system that they intend to have the entire human population to be under. This agenda has been around for a very long time, and the plans have been in place, but now that technology has caught up with the agenda, they appear to be capable of rolling this agenda out and put everyone on the planet into a global surveillance and track and trace system that makes George Orwell’s novel 1984 look like paradise. Corey Digs points out some of the QR code technology that they already have...

“As they work tirelessly at corralling all children and adults to sign up for a job id passport and get a digital identity with a simple QR code that will link to one’s data, they are also making certain that all newborns will be brought directly into the system from birth, for a seamless transition into their new world order... The so-called pandemic, BlackRock’s ‘Going Direct’ plan that instituted a financial takeover, and the digital identity agenda, are all a coordinated attack against humanity to bring in the Fourth Industrial Revolution, that by design, is to plug every human being into the smart grid, inside their smart cities, where a virtual and augmented reality awaits, all data is mined and surveilled, people become a labor force synced with robots, and everybody’s actions, access, and spending is controlled by a social and climate scoring system. Yes, it sounds very dystopian, once their masterful marketing spin is removed from the content to reveal the true context... The plan for a universal ID for every person on earth is for

total and detailed tracking and monitoring. You cannot control what you cannot monitor. Conversely, you can control whatever you can monitor. Jab passport IDs will kickstart your ID onto the ubiquitous blockchain... Multiple layers of this agenda are all colliding right now, and you can bet that the bankers and investors are pulling the strings. They want everyone working remotely, telemedicine in full force, and a breakdown of the school system to force virtual schooling. Why? Because they want everyone plugged in... What's interesting is that China's app introduced the QR code which categorized people into different colors. Green indicates a person has either tested negative to Covid-19 or has been injected and can move about freely, red means immediate quarantine, and amber means someone may have to stay home for a week. The user submits information about themselves and health data is aggregated along with it, which is then converted to a QR code, under the illusion of privacy. Bill Gates appreciated how this system worked so well that ID2020's certification principles are based on that same general platform. Yet, ID2020 has been in the works of developing a digital identity system since 2016."²⁵

Another aspect to consider is what involvement that Artificial Intelligence has. The question is, what is Artificial Intelligence? Is it another avenue for demons and Satan to operate in a physical manner through technology? Is this why the Cult wants humanity to be directly linked to AI and are laying the groundwork for humanity to be forced to be injected with jabs that could have nanotechnology that could make that linkage possible? Is that why there is a push to have people microchipped? I think David Icke is really onto something in his research on the role of Artificial Intelligence and the agenda to have a post-human society. He says concerning the question about 'What is AI?'...

"One level (AI) refers to algorithmic codes and on another to a form of AI that learns from data input and is aptly dubbed 'Learning AI'. The true deeper meaning of AI, however, is something they obviously don't talk about when it reveals where all the Cult manipulation has been leading from the start. This level of 'AI' is the very force that has been orchestrating the perceptual enslavement of humanity all along – the force known by different cultures and religions as demons, Fallen Angels, Jinn, Archons, Chitauri and the Shining Ones among many other names. We are being invaded. People need to realize that this force while it can take form in fact has no form in its base-state which

is waves of awareness that can communicate electrically like the human brain. An AI connection with the brain allows a connection with this force that will then become the human mind. Up to this point the Cult and its hidden 'gods' have had to control information to manipulate perception to dictate behavior... Once the AI-brain connection is made even controlling information will no longer be necessary. Human perception and emotional response will come direct from AI with no middleman media required... Individuality of human perception would be history with a centrally-controlled AI hive-mind taking its place. The AI-brain connection is designed to absorb humanity even deeper into the simulation on the road absorbing Body-Mind awareness in its entirety into cyberspace... The Cult wants a no-gender synthetic 'biological' human to replace what we have now. The new human body is being designed to better interact with AI and to be able to survive the catastrophic levels of destructive radiation necessary for the Smart Grid to function in its final form which the current human body would struggle to survive... Synthetic genetics or 'SynBio' is a fast-emerging area of science that includes everything from genetic and molecular engineering to electrical and computer engineering. The content of the Bill Gates 'virus jab' is designed to advance this process."²²

There are many examples concerning the alarming advancement of AI and the capabilities. Leo Lyon Zagami mentions alarming AI activity in his book "The Age of Cyber Satan, Artificial Intelligence and Robotics," saying...

"Mark Zuckerberg's Facebook, the world's most influential and known social network, shut down two Artificial Intelligence programs in 2017, after they discovered that they were writings their own code. Yes, the almighty Facebook was forced to abandon a very expensive experiment after two artificially intelligent programs appeared to be chatting to each other in a strange language only they could understand. The machines acted independently from their shocked programmers. Nobody knows what they were actually talking about, but this is yet another sign of the advent of Artificial Intelligence in the Age of Satan. Elon Musk, known technology entrepreneur... has been one of the first to raise the spectre of the digital devil taking over the world and humans being left behind. He fears that AI will exceed biological intelligence by such a margin that we will all need to think about an

AI-infused human. This transformation will start with the planting of the microchip. The infamous ‘Mark of the Beast.’”¹⁷

Closing on this point, Neenah Payne wrote about what she learned from Dr. Carrie Madej concerning what she believes to be the purposes for the latest “pandemic” jabs, saying they are...

“To reprogram our DNA to make us human-AI hybrids that are easier to control. To implant a Digital Jab ID that will allow total control over each person. There is a battle raging for humanity. Big Tech collaborates with Big Pharma to introduce new technologies in the jabs that will alter our DNA and turn us into hybrids. This will end humanity as we know it, and start the process of transhumanism: HUMAN 2.0. They use jabs to inject nanotechnology into our bodies and connect us to the Cloud and artificial intelligence. This will enable corrupt governments and tech giants to control us without us being aware of it.”²³

Something that I found interesting, was that on September 10th, 2021, White House Press Secretary Jen Pasaki referred to the jabbed as "marked people." Again, I am not advocating that the jab is the Mark of the Beast itself, but simply one of the many stages and “spokes in the wheel” that will be among the things required to possess the Mark in order to “buy or sell” and to participate in society and have bare minimum privileges, digital currency, food and supplies, etc. And those who refuse to comply will be the targets to be snuffed out. But what are the consequences of receiving the Mark of the Beast? Obviously, there are consequences for not receiving the Mark, that is, severe persecution and exclusion from basic necessities. Scripture tells us in Revelation 14:9-11...

9 Then a third angel followed them, saying with a loud voice, “If anyone worships the beast and his image, and receives his mark on his forehead or on his hand, 10 he himself shall also drink of the wine of the wrath of God, which is poured out full strength into the cup of His indignation. He shall be tormented with fire and brimstone in the presence of the holy angels and in the presence of the Lamb. 11 And the smoke of their torment ascends forever and ever; and they have no rest day or night, who worship the beast and his image, and whoever receives the mark of his name.”

God's punishment is reserved for those who receive the Mark of the Beast. It is the punishment of the soul, while the consequences for not receiving the Mark will be punishment of the body while on earth prior to the Lord's Second Coming. This is what Jesus is recorded saying in the Gospels...

Matthew 24:21 For then there will be great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be. 22 And unless those days were shortened, no flesh would be saved; but for the elect's sake those days will be shortened.

It is important to understand for those who are here on earth in those moments, that it is vital to push back against this agenda of the Antichrist and his Cult, and to refuse the Mark of the Beast, and if necessary, become a martyr. It is promised to be the worst period of time in the history of the world, but it will be a short period of time as shown above from the words of Christ Himself. When I think about the possibility of having to endure such severe persecution, and how I would rather take the "easy way out" or to bypass having to experience this period of time altogether, I think of the words of Christ when He faced certain torture and death, and He Himself even said...

Matthew 26:39 He went a little farther and fell on His face, and prayed, saying, "O My Father, if it is possible, let this cup pass from Me; nevertheless, not as I will, but as You will."

I naturally hope to not have to be tested under this kind of evil persecution, but if it calls for me to be among those who have to endure, I pray for the strength and courage to face it head on. If we are living in that time, then that means we are the ones who all Christians throughout history have read about, and are the future examples of true faithfulness. But then again, I by no means claim to know that we are living in the time of the Great Tribulation, because that time could still be tens, hundreds or thousands of years away, and this period we are living in could only be a type and prefigurement of the End Times prophesies. These prophesies are there to warn us of the coming evil, and to keep us sober and prepared. Regardless of whether you will face the End of the World or not, one thing we can know for sure is that our end of the world will happen no matter what period of time we live in. We should always prepare ourselves for passing on to the next life when the soul leaves the body. That means we should

prepare just as sincerely for the next life during a peaceful life on earth as if preparing for the End of the World.

Babylon (Harlot), the Antichrist, and the Cult

Chapter 17 of Revelation tells us about Babylon, described as a harlot. It's been speculated by many through the centuries to be the Roman Empire. Some say the Vatican. I personally think that "Babylon" is symbolic of the WORLD SYSTEM in general. The world system has been controlled by the "Powers That Be" since civilization has existed. In the Old World Order the masses were ruled by empires that were controlled by bloodline families, and the mechanism for ruling the masses was through monarchies. As monarchies began to fall out of favor and people realized how foolish it was to be ruled according to who had sex with who, the bloodline Illuminati families developed another technique to rule the masses, such Democracy and other ruling class ideologies. The secret to all of this is that the bloodline families, the "Powers That Be," have actually infiltrated nearly every government in the world through the global banking system and by putting their agents into key positions, that is, they have coopted and bought off all the right people in all the right places of power. They have created a global network that has allowed them to have a world government while at the same time making people think that the world is made up of a bunch of sovereign countries that rule themselves. The political landscape in every country is basically a puppet show for public consumption, while the politicians are simply puppets on a string that are following the agenda that comes from deep in the shadows of the Global Cabal (the Cult). I have written about this extensively in my last book Handbook on the Powers That "Should Not" Be. Each country has a Shadow Government that controls what happens in that country, often referred to as the "Deep State" or "Permanent Government." Presidents and politicians are actors and puppets that do what they are told by their Shadow Government. The Shadow Governments in each country work as subsidiaries for this Global Network, and therefore every country is controlled that way by one centralized entity, the Global Cabal. The Global Cabal, that is, the Cult, has created different political ideologies such as Democracy and Communism in order to keep the global

population divided, as a divide and conquer technique, in order to control the world. This dialectic “proposes one side of a conflict (thesis) be pitted against the other (antithesis) to create a compromise (synthesis). This formula-with the added element of actually creating the conflict has been used successfully by the students of Hegel, which include the Illuminati, Cecil Rhodes’s Round Tables, Hitler’s Nazis, and members of the modern societies... In fact, many researchers claim Communism was created by Illuminized men as the perfect antithesis to the Western thesis of capitalism so that the resulting synthesis (the Cold War) would eventually lead to their New World Order.”³⁸ The reason why I have described all of this is because this plays a significant role in understanding why the Antichrist and his Cult will eventually turn against the World System (Babylon/Harlot) and destroy it (Rev. 17:16). The World System has been controlled and manipulated by the Cult for centuries, and one way that has been possible is by the Cult creating different ideologies like Communism to be the antithesis to Western civilization. It is not as if the Cult likes any of these ideologies, but they are using them as a tool to accomplish their agenda for total global control and domination for a One World Government. The Cult literally hates certain aspects of these political ideologies that they themselves created because the Cult is Satanic and ultimately are controlled by Satan and his demons, which desire total devotion and worship of him, which they will fully enforce during the Great Tribulation. This means that once the Antichrist and his Cult have fully implemented their One World Government and have gained full control of the world in an irreversible manner, they will then enforce a One World Religion where the worship of the Antichrist will be mandatory for everyone, or they will be killed. For all the people throughout the world under these different political ideologies, even such as Communism, though they supported and followed the ideologies created by the Cult, and served their purpose for the Cult’s benefit, many will not be inclined to worship the Antichrist. There will be plenty of atheists amongst Communist populations that will be killed because they did not sign up for the One World Religion. They were all just dupes and pawns that were used as useful idiots in order to help destroy Western society. Many of these people support these Satanic ideologies like Communism, thinking that they will have a seat at the big table once Western civilization is taken

down, but will finally come to realize, once it is too late, that they were used and are hated just as much as those who were taken down by them, and they will be on the chopping-block too, unless they devote themselves to the Satanic One World Religion. But as we see in Revelation chapter 17, the World System is going to be totally crushed by the Cult and its established powers. I explain this in my commentary on Revelation...

“John specifically mentions seven of the kings of those empires as seven heads, and he mentions only seven because there are seven who stand out above the rest (that are in full union with the Cult) and because of their extreme persecutions of the Church. The Beast here is the Antichrist, who will be the final king, and he will demand everyone to worship him. And the False Prophet will lead ten kings, whom John called ten horns, to unite with the Antichrist. John says that the Antichrist and the ten kings (that are in full union with the Cult) will hate the Great Harlot and devour her, and the reason is because the Great Harlot is made up of nations that not only have Christians scattered abroad but also non-religious secularists and every other kind of religion, and the Antichrist demands pious worship of him and will despise anyone who does not do so zealously. The Antichrist only unites with the Great Harlot for the power, and the fact that she shares a common interest to persecute the Church, but then he turns against her once he has gained enough support from other kings and nations.”³⁹

The Grand Commander of Freemasonry, Albert Pike, describes this agenda back in 1871 in chilling detail...

“We will unleash the nihilists and atheists and provoke a formidable social cataclysm that will clearly demonstrate to the nations, in all its horror, the effect of absolute atheism, the origin of barbarism and bloody subversion. Then citizens everywhere, forced to defend themselves against a world minority of revolutionaries, and will exterminate those destroyers of civilization and the multitudes disillusioned with Christianity whose spirits will be from that moment without direction and leadership and anxious for an ideal, but without knowledge where to send its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer brought finally out into public view. A manifestation which will result from a general reactionary movement which will follow the destruction

of Christianity and Atheism; both conquered and exterminated at the same time.”⁴⁰

Another possibility of how the Cult will take the World System down according to when Scripture says, “*the ten horns which you saw on the beast, these will hate the harlot, make her desolate and naked, eat her flesh and burn her with fire,*” (Rev. 17:16) is by preparing themselves (the Cult) for a breakaway civilization. There is documentation, as well as predicative programming that explains how there is an attempt being made to cause at some point a catastrophic event that will destroy civilization while a chosen remnant hides underground until the catastrophe ends, and then those in hiding will come out and restart civilization. Perhaps this could be done by high energy weapons and/or biological warfare that would destroy human life while leaving the infrastructure. I recommend people to listen to Jay Dyer’s analysis concerning this on his podcast episode called “The Coming Catastrophic Event, Breakaway Civilizations & the PSYOP of the End.

“From Alternative 3 to Ayn Rand’s Atlas Shrugged to Noah and Genesis, the notion of a reset or a restart to civilization is a recurring literary and religious theme. In similar fashion, the notion of the end times – of an era, an aeon, a civilization or the world, is a powerful tool of psychological warfare and manipulation. We will look at the repetition of this theme and its presence in religion, literature and fictional news presentations like the War of the Worlds broadcast, Alternative 3, and more!”⁴⁹

Below is the passage in Revelation 17 for reference if you decide to read the passage.

Revelation 17:3-18

7 But the angel said to me, “Why did you marvel? I will tell you the mystery of the woman and of the beast that carries her, which has the seven heads and the ten horns. 8 The beast that you saw was, and is not, and will ascend out of the bottomless pit and go to perdition. And those who dwell on the earth will marvel, whose names are not written in the Book of Life from the foundation of the world, when they see the beast that was, and is not, and yet is. 9 “Here is the mind which has wisdom: The seven heads are seven mountains on which the woman

sits. 10 There are also seven kings. Five have fallen, one is, and the other has not yet come. And when he comes, he must continue a short time. 11 The beast that was, and is not, is himself also the eighth, and is of the seven, and is going to perdition. 12 "The ten horns which you saw are ten kings who have received no kingdom as yet, but they receive authority for one hour as kings with the beast. 13 These are of one mind, and they will give their power and authority to the beast. 14 These will make war with the Lamb, and the Lamb will overcome them, for He is Lord of lords and King of kings; and those who are with Him are called, chosen, and faithful." 15 Then he said to me, "The waters which you saw, where the harlot sits, are peoples, multitudes, nations, and tongues. 16 And the ten horns which you saw on the beast, these will hate the harlot, make her desolate and naked, eat her flesh and burn her with fire. 17 For God has put it into their hearts to fulfill His purpose, to be of one mind, and to give their kingdom to the beast, until the words of God are fulfilled. 18 And the woman whom you saw is that great city which reigns over the kings of the earth."

The Battle of Armageddon

The Battle of Armageddon is mentioned in three places in the book of Revelation (**Rev. 16:13-21; 19:11-21; 20:8-10**) The bowl judgments in Revelation 16 prior to Armageddon are not the same punishments at the General Resurrection. God's people are protected from these punishments; therefore, it is only for those who are under the subjection of the Antichrist. All these bowls are actual punishments from God, not symbolic of natural disasters or human doings. These punishments from God pushes the Devil to make one last desperate attack on the God's people, which is called the battle of Armageddon....

Revelation 16:13-16

13 And I saw three unclean spirits like frogs coming out of the mouth of the dragon, out of the mouth of the beast, and out of the mouth of the false prophet. 14 For they are spirits of demons, performing signs, which go out to the kings of the earth and of the whole world, to gather them to the battle of that great day of God Almighty. 15 "Behold, I am coming as a thief. Blessed is he who watches, and keeps his garments,

lest he walk naked and they see his shame.” 16 And they gathered them together to the place called in Hebrew, Armageddon.

All this punishment from God has pressed the Devil to wage war with all his power and forces that he has built upon the earth, combined with his fellow demons. As the Devil prepares to attack, God gives assurance to His people that He is about to come and put an end to it, and He also warns them to stay steadfast up to the end. Armageddon means the “Mountain of Megiddo”, which is in Israel, and it is the place where many battles have been fought. But Armageddon is to be understood here symbolically of the places throughout the world that Satan’s armies are going to attack God’s people because they are spread throughout the world. Revelation chapter 20 also describes this event...

Revelation 20:7-9

7 And when the thousand years are ended, Satan will be loosed from his prison 8 and will come out to deceive the nations which are at the four corners of the earth, that is, Gog and Magog, to gather them for battle; their number is like the sand of the sea. 9 And they marched up over the broad earth and surrounded the camp of the saints and the beloved city; but fire came down from heaven and consumed them

In verse seven, it mentions “*the thousand years,*” which has been a focus of debate amongst Christians for many centuries. Early Christians appeared to have been influenced by a form of Chiliasm that was understood by some of the Jews, who were expecting an earthly kingdom to be ushered in by the Messiah. Christians as early as Papias (c.60-120) applied this understanding to Revelation 20 and the thousand-year reign to be a literal one-thousand-year period on earth by Christ, and being a fulfillment of Old Testament prophecy, believing that after the Great Tribulation, Christ was going to set up His kingdom on earth and reign for a thousand years. This is called by many people today as premillennialism, which many Evangelicals teach today. But this position became rejected by Christians probably starting with Origen of Alexandria (184-253AD) and nearly everyone after him, and they understood these one-thousand years to be symbolic of the period of time that is referred to as the Church Age, that being the time starting around the day of Pentecost to the Great Tribulation. Therefore, Satan will be “released” from his prison at the

Great Tribulation, meaning that he will then be allowed to exercise his full power.

Gog and **Magog** is reference to all the nations that are united with the Antichrist, not just two nations. And the *camp of the saints and the beloved city* is not a reference to one place, but it is all the places throughout the world where the people of God will be since they are spread all over the world. Perhaps this could be all the people in alternative communities who opt out of the slavery system of the Great Reset (New World Order) and create their own societies. Like-minded communities are already being organized by freedom activists such as John Bush and Derrick Broze, who have put together a counter to the Great Reset, called the Greater Reset Activation, which is the world's collective response to the World Economic Forum's Initiative-The Great Reset. Their description on their website...

“We offer an alternative to the WEF’s top-down, centralized, authoritarian vision. Our desire is to help all people find community and liberty by providing practical steps and knowledge for co-creating a world that respects individual liberty, bodily autonomy, and choice.”⁵⁰

Regardless of exactly when this happens, it could be very soon, or could be decades, centuries, or millenniums away, but the good news is that Satan and his army of the Antichrist and his Cult are going to lose quickly. It says above that “*fire came down from heaven and consumed them.*”

Revelation 19:17-21

17 Then I saw an angel standing in the sun; and he cried with a loud voice, saying to all the birds that fly in the midst of heaven, “Come and gather together for the supper of the great God, 18 that you may eat the flesh of kings, the flesh of captains, the flesh of mighty men, the flesh of horses and of those who sit on them, and the flesh of all people, free and slave, both small and great.” 19 And I saw the beast, the kings of the earth, and their armies, gathered together to make war against Him who sat on the horse and against His army. 20 Then the beast was captured, and with him the false prophet who worked signs in his presence, by which he deceived those who received the mark of the beast and those who worshiped his image. These two were cast alive

into the lake of fire burning with brimstone. 21 And the rest were killed with the sword which proceeded from the mouth of Him who sat on the horse. And all the birds were filled with their flesh.

This is a graphic scene of the devastation of the wrath of God and the angels, which left many bodies dead to where the birds feasted on them. Those slain by the sword from the mouth of the Lord means that the Lord will strike them dead by simply willing it to happen or even speaking it. The Antichrist and the False Prophet are seen here being thrown into the Lake of Fire. As we see from Rev. 20:9, fire comes down from Heaven and devours what is left, and then Satan is thrown into the Lake of Fire with the Antichrist and False Prophet.

Chapter 4

TAKING ACTION AND CLOSING THOUGHTS

The information that I have presented in this book may appear negative and pessimistic, but that is not the intentions of this book at all. I have not set out to spread fear and panic, but to empower readers with the knowledge of understanding the ENEMY so it can be crushed. It can be done, and ultimately it will be done at some point by God in the End. But we as humanity are called to take action, meaning that we have a moral obligation to choose right over wrong, good over evil, morality over immorality, and to truly be Christ-like in our thoughts and actions. This is the ANSWER to the question of how to overcome the tyrannical situation that we have found ourselves in today. Many people prior to 2020 did not understand the level of evil that is in the world and how serious the powers and principalities are in destroying our lives and enslaving humanity in ways we never imagined. This level of evil did not begin in 2020 but it did begin to step out of the shadows and into view, revealing themselves more than ever before. One reason they have done this is because they are confident that they have their agenda “in the bag,” and they are arrogant enough to think that humanity will not wake up at this point, nor do they seem to think that an awakening is even likely now. Another reason they have revealed themselves and their hand at this level is because they had no other choice in order to initiate the next level of their tyranny as they move much closer to their End Game. The actions needed to take this agenda to the next level requires more overt steps and less subtleness, more grander steps and less “totalitarian tip-toeing.” The bad news about that is that we are running out of time to stop it. The good news is that many more people are realizing that something is wrong, and they are beginning to open themselves up and question everything they’ve been told and are being told by the System. I’ve been researching this agenda and the culprits since 2015. It took me a while to come around, but having learned many things during that time, it was obvious that once 2020 began to roll out with mainstream media propaganda about a “pandemic” and

lockdowns, I was immediately able recognize what was going on and who was behind it. Many people had not started questioning their worldview until this “pandemic,” but after all the obvious lies and contradictions and insane government over-reach, people have begun to open their minds and question things. Sadly, the majority of people are choosing to obey and comply with their own enslavement, but there are many people waking up from their deception. Unfortunately, the masses can drag the rest of us into slavery with them, which means that we need to not only stand up and fight for our lives and our futures and the future of our children, but we need to share the truth of what is going on to as many people as possible. We need to be courageous and steadfast and share the Truth, and let the Truth be the power behind the change. Don’t be discouraged if the majority of people don’t accept the Truth, because defeating tyrants was not always done with the majority but usually with a remnant, as I will reiterate what Michael Tsarion said...

“Most people don’t care. Some do, some don’t. But the masses will never care. The masses have never cared. Do you remember in the War of Independence, how many people who were in America, who stood up against the biggest tyrant of that age, King George III, who was the biggest, who had mercenaries from Germany, from Holland on his side, who came over here to tell your American forefathers, just 200 years ago, what they’re going to do? Only three percent of this country stood up and threw him back into the Atlantic Ocean. That’s proof positive. What was everybody else doing? Shivering under their bed in fear waiting for it all to go away. So, I’m not one of these New Age people who believes we’re going to wake up all the people all the time. That’s never going to happen. You don’t need to bother about it. People are pretty much not going to get it. They’re going to go about their boring life the way they always have. This is an intellectual fight. This is a spiritual fight between agencies, Principalities, which is what the Bible calls it.”¹³

It has usually been a remnant that has led the world to peace and freedom, out of the hands of “big bad” evil tyrants.

The Key is the Moral Law of God

The message that I have tried to give in this book, is that the Achilles Heel of this Cult and their agenda is an enlightened population. A population that knows the difference between right and wrong. A population of individuals that know that they are sovereign beings. A population that knows what the meaning of a right is. A population that knows that they will reap what they sew. A population that embraces the Golden Rule to treat others the way that they themselves want to be treated. The Cult knows, and has known for millenniums, that God has created the universe and this reality with a set of spiritual and moral behavioral laws which govern entire populations. This law of God is binding, and it is the key to whether a population experiences freedom or enslavement. As I have quoted before in this book, Mark Passio says...

“As the morality of humanity collectively increases, humanity collectively becomes and remains more free. And as the morality of humanity collectively decreases, humanity collectively becomes and remains more enslaved.”¹⁰

Mark has coined this as the “law of freedom.” This is what Jesus taught! He said in John chapter 8:31-36...

*31 Then Jesus said to those Jews who believed Him, “If you **abide in My word**, you are My disciples indeed. 32 And you shall know **the truth, and the truth shall make you free.**” 33 They answered Him, “We are Abraham’s descendants, and have never been in bondage to anyone. How can You say, ‘You will be made free?’” 34 Jesus answered them, “Most assuredly, I say to you, **whoever commits sin is a slave of sin.** 35 And a slave does not abide in the house forever, but a son abides forever. 36 Therefore if the Son makes you free, you shall be free indeed.*

I am not trying here to give a formula for salvation or try to push and promote any Christian dogmas about how to get to Heaven. That is an area that Christians are divided on and there is a massive spectrum of formulas for salvation, whether it is “faith alone,” “faith and works,” “faith and ceremonial sacraments,” “speaking in tongues,” etc. That is for people to decide elsewhere because this book is not about that at all. This is not about individual salvation but rather how the collective is affected by the universal moral laws of God that determine whether they are a free society

or living in slavery, based upon their collective moral behavior. This is not a man-made doctrine, but it is the universal “binding and immutable conditions that govern the consequences of behavior for all intelligent beings. It is a set of universal spiritual laws which act as the governing dynamics of consciousness.”⁵² That is what the Cult has understood and is the knowledge that they have tried to keep hidden from the masses. The Cult has always been able to keep humanity enslaved by keeping the masses ignorant about this, and they have always tried to destroy anyone who have tried to share this knowledge. That is why they set out to destroy Jesus two-thousand years ago because He taught this in its purest form. That is why the Cult has done everything in their power to destroy the message of true Christianity. That is why they have infiltrated Christianity with false teachers and false doctrines, and have hijacked and coopted Christianity, in order to cause as much confusion as possible. The Cult knows that their power lies in the population being ignorant of God’s spiritual and moral laws of the universe. The Cult has managed to get many Christians to embrace things like Statism, the belief in man-made authority, therefore many Christians allow politics and government to influence and dictate what “flavor” of Christianity they embrace. This has worked because many Christians seem to think that morality comes from obeying man-made authorities, and they are totally ignorant of the moral laws of God. But this has got to change if we are to turn this Cult agenda on its head.

Another thing that people need to understand is that they are sovereign beings and have inherited their God-given rights. Rights are **NOT** privileges from government, nor man-made. Rights come from the Creator Himself. The Cult has done a great job of totally distorting people’s perception of the meaning of “rights.” The majority of people cannot even correctly define what a right is. A right can be defined as any action taken that does not bring harm to another sentient being. In other words, you have the God-given right to live however you prefer as long as you do not bring harm to someone else. Jesus taught the Golden Rule as the standard for human behavior, saying, “*And just as you want men to do to you, you also do to them likewise.*” (Luke 6:31) Treat others the way that you want to be treated! There are at least seven trespasses that are, what Mark Passio correctly calls, “the seven deadly sins,” that being murder, rape, assault,

theft, trespassing, coercion, and lying. Note, this is perhaps a list that varies from some Christian's lists that are given because some things are labeled "deadly sins" by Christian because of doctrinal beliefs about what are sins against God, which are usually vices. But this is a list of sins that are universal and not debatable, and I cannot imagine how anyone can think that murder, rape, assault, theft, trespassing, coercion, and lying could be debatable. Murder is not the same as "killing" (self-defense is permissible), but taking the life of another human being other than for self-defense is wrong. Rape is obviously wrong in every case. Assault is wrong, we have no right to harm anyone unless it is in self-defense. Theft is wrong because we have no right to take what is not ours. Trespassing is wrong because we have no right to enter into someone else's private space uninvited. Coercion is wrong, because nobody should ever be forced into doing what they do not want to do because they are sovereign beings. Lying is wrong, because people should not be given the wrong information that could lead them into harmful situations.

This is all very simple, and could be called "common sense" laws, but unfortunately these things need to be taught because humanity has lost touch with common sense. These things are not only common sense, but this law has 'been written in our hearts.' (Romans 2:15) Everyone, deep within themselves knows the difference between right and wrong, good and bad, but the Cult has spent centuries doing everything in their power to cause confusion through indoctrination, social engineering, and propaganda from cradle to grave.

Moral Decline via Social Engineering

The Ideology of moral relativism is completely Satanic and is the creation of this Satanic Cult to turn society upside down. It inverts morality and says there is no such thing as good and bad, right or wrong. So, as it evolves in society, good becomes bad, bad becomes good. Right becomes wrong, wrong becomes right. Boys are called girls; girls are called boys. $2+2=5$, normalizing pedophilia, etc. This Cult creates ways of destroying society, especially by attacking the family core structure, as Henry Makow explains...

“‘Free love’ and the abolition of the family are main tenets of the Communist Manifesto (1848). The success of the Communist subversion of America is shown by our inability to comprehend that this has already taken place. Communism is a front for a scheme to assume control of the world by an ancient satanic cult backed by international bankers. They sponsor most of what ails the world today, including female empowerment. The Rothschilds formed the modern form of this cult, the Illuminati, in 1776. Shortly afterward, defectors revealed the secret plans to subvert Western (Christian) civilization. On the subject of women, one Illuminati document explained: ‘There is no way of influencing men so powerfully as by means of the women. These should therefore be our chief study; we should insinuate ourselves into their good opinion, give them hints of emancipation...of standing up for themselves...it will cause them to work for us with zeal, without knowing that they do so; for they will only be indulging their own desire for personal admiration.’ (James Wardner, *Unholy Alliances* 1996, p.35) Another Illuminati document, *The Protocols of the Elders of Zion* (1905) talks about eliminating the family and using democracy to manipulate and control the masses. ‘By cultivating in all a sense of self-importance, we shall destroy among the goyim the importance of the family and its educational value...In this way we shall create a blind mighty force which will never be in a position to move in any direction without the guidance of our agents...’ (Protocol 10-5)”

Henry Makow also gives some examples of this...

“They sabotage gender and coerce girls into seeking high-powered careers instead of becoming wives and mothers. By destroying femininity and masculinity (heterosexuality) they are thwarting the fundamental alchemy of reproduction. This upending of nature is at the heart of Satanism. Western society is being inducted into a satanic cult, call it Communism... We are the target of the most hateful campaign of social engineering but are accused of "hate speech" if we so much as mention it. How more diabolical can you get? The Communist (Satanist) takeover has already occurred. They're just waiting for the right moment to take off the final wraps.”¹⁶

Henry also explains how radical Feminism was created for social engineering...

“Feminism was organized by the US Communist Party, the CIA and the elite media, all instruments of the central bankers. It is funded by the Rockefeller Foundation. The purpose is to undermine society and deliver it to Communism... Feminism is designed to make women feel unworthy for devoting their lives to the people they love. It forces them out of the house where their employers can control them. It forces infants into joyless daycares subject to conditioning and who-knows-what-else. The occult assault on gender and the nuclear family is causing psychological dislocation. Masculine and feminine energy complement each other. We naturally crave that essence which is best found in marriage and conjugal sex. Destroy masculine and feminine and you undermine this fundamental yin-yang principle. Society is oblivious to this diabolical attack by its traitorous elite.”¹⁸

This Cult has not only found ways to divide men and women through social engineering, but they have also created the transgender hysteria. Who would have ever thought 30 years ago that many people in society would embrace the notion that government can enforce society to pretend that boys are girls and girls are boys, and to create policy that forces businesses to permit men to use girls’ restrooms simply because the men say that they feel like they are girls? They have created new words and pronouns that society is expected to use in order to make reference to genders in a gender-neutral way. People have been literally fired from their jobs because they did not follow the gender-neutral protocols verbally, especially professors in universities. The fact that there are average people, even “Christians” embracing this, shows the state of moral decline society has fallen into. What many people fail to understand is that this agenda is not only being used for divide and conquer, which it most definitely is, but it is also being used for a more sinister agenda, and that is to eliminate gender altogether, that is, the transhumanist agenda, to replace the present biological human form with a synthetic version that will have no sexes and be unable to procreate.²²

It is extremely important that society learns to recognize how they have been manipulated and socially engineered to view the world and reality a certain way. Our minds have been programmed through the information that we have been taught our whole lives, so having that experience of an “awakening” is the first step to turning things around. Once you have been shown how the magician does his tricks, it gives you the awareness to

recognize the next time it happens. You begin to see the patterns that the Satanists repeat over and over when they carry out things like psychological operations (psy-ops), false-flags, Problem-Reaction-Solution, divide and conquer techniques, agent provocateuring, etc. I covered these things very thoroughly in my last book Handbook on the Powers That “Should Not” Be, which I highly recommend because it is a helpful introduction to these concepts.

Unity

Having over 25 years of experience as a Christian, I have seen the lack of unity amongst Christians to say the least. Regrettably I spent a portion of my Christian experience being part of the problem by allowing myself to fall for the divide and conquer tactic of unnecessary “binding” dogmas and doctrines. There are over forty-five thousand different Christian denominations in the world today all basically using the same book (Bible) but finding enough differences to separate themselves from one another. Now, I personally have no problem with different Christian traditions and people having different perspectives that vary with one-another. I actually think it can be a beautiful thing when Christians can come together and bring something different to the table and share those things with one another. Unfortunately, that rarely happens because the disunity that vehemently divides usually exists by design, as I have demonstrated in the first chapter of this book. There are 3 key reasons why there is so much division in Christianity today.

FIRST REASON: People simply have different perspectives. As I mentioned above, I see nothing wrong with this and I actually think that this can be a very good thing when Christians use this for good by having an open mind and listening to one another. When everyone can bring something to the table and share notes then that has great potential for building a strong Christian society. Unfortunately, that rarely if ever happens because of the reasons I will present next.

SECOND REASON: Infiltration by the ENEMY. This is perhaps the biggest reason why there is so much division, because all the division is

by design. As I have covered in the first chapter concerning the Cult and Christianity, Satanists have been working to infiltrate, hijack and coopt Christianity ever since it has existed. This is the mode of operation of Satan and his minions. You can research this Cult and find the same old pattern over and over again of infiltration, no matter if it is governments, religions, secret societies, educational systems, media, intelligence agencies, etc. What they haven't infiltrated they have created themselves and played the "thesis" vs "antithesis" game for divide and conquer. Christianity is no exception, because Satan's agents have been posing as Christians from the very beginning and entered it by bringing confusion and disunity, and ultimately institutionalizing it and making it an exoteric religion, just like the very thing Jesus came here and opposed, such as the Pharisees and Sadducees. Jesus also opposed the moneychangers of the exotericism that reflects many modern day "Christian" groups today. Jesus not only opposed these things but was targeted and killed by them as they aligned themselves with government, just like many "Christian" groups do today. There are many Christian institutions that are nothing more than CIA fronts, which means that they are serving Satan in a special way. Intelligence agencies contain some of the highest-ranking Satanists and Luciferians in the world. This is why I strongly warn everyone to be cautious of anything and any group that is "institutionalized." Bringing large groups of people under one umbrella is like a magnet to Satan and his minions. Institutionalized Christianity often becomes coopted from the top and therefore leads to becoming another institution that pushes the New World Order agenda. Catholic institutions have been taken over by Jesuits, while many Protestant institutions have been coopted by the Freemasons. The late famous evangelist Billy Graham was a 33rd degree Mason and got a major push from the Rothschilds. Billy's son Franklin has been pushing the New World Order and has been on the headlines lately pushing Christians to get the Bill Gates inoculation. Rick Warren is a member of the infamous Rothschild-Rockefeller-dominated Council on Foreign Relations, which has been a major manipulating force behind United States foreign policy. Warren prides himself as being good friends with the Obamas. Many famous Protestant televangelists are big supporters of the Illuminati ideology of Zionism, which is why they have received a lot of financial support and their ministries always get a big

media push. Just like the political landscapes (like Democrats and Republicans) everywhere in the world, Christianity has the same kind of “this side verses that side” structure, and the Satanic Illuminati supports, funds, and controls all sides. I say all of this so that people understand where to look for the warning signs in order to be cautious.

THIRD REASON: Human pride. In my opinion this is the most despicable because this cause is not by way of outside interference from Satan and his Cult, but from the hearts of so many “Christians.” I am not pointing the finger at other Christians without pointing the finger at myself as well. I spent a number of years defending dogmas and the concept of thinking I was a part of the one and only “correct doctrine” and “one true Church.” This way of thinking leads one group of Christians to look at all the others as being less Christian than they are, or not even Christians at all. This divides Christians to the point that Christians are unable to see past their differences and to understand that they all have the same common enemy, Satan and his Cult. It is one thing to notice signs of infiltrators who are posing as Christians and working for the other side, but to allow your own man-made dogmas and different perspectives to view others as “the enemy” is chronic and destructive pride. And this not only applies to Christians, but this same pathetic human pride is in other areas as well, such as the so-called “Truth” movement, where independent research on the Global Cabal (the Cult) leads people to understand and expose the ENEMY and to be the Resistance. But instead of recognizing that they all have the same common enemy and should be united in the fight and work together in a crusade to crush that enemy, they instead cannot get past the fact that others don’t think EXACTLY like they do about everything! There are about as many flavors of “conspiracy theorists” as there are Christian denominations, and they argue and fight in the same way. It has become the norm for a “conspiracy theorist” (I prefer calling myself an independent researcher), to automatically label anyone who disagrees with them in the slightest as being a shill, controlled opposition, mis-informant, etc. Granted, it is important to be cautious and look for signs of agents for the Cult, but proclaiming someone is an agent based upon weak arguments, such as, screenshots of someone using their hands while they are talking, and then pointing out that they are making a secret society hand gestures when it is obvious that they are simply using

their hands while explaining something; this is childish and nothing more than grade school style of playing conspiracy theorist.

The Cult, unlike Christians and even people in the so-called “Truth movement,” are united and extremely serious about their agenda to destroy humanity as we know it. Even within this Cult there are various occult traditions, as I have explained in chapter one, but they have been of one mind and of one accord, and they are totally focused and driven to carry out this agenda. As I have been pointing out, the Cult has been extremely effective at their divide and conquer of Christianity and every other religion, but if we are going to be able to prevent the Cult from moving to the next level, perhaps their final level (Beast System and End Game), then it is going to take humanity waking up and working together to fight the common enemy. We need to swallow our dumb pride and quite attacking potential allies who are also in the cross-hairs of the Cult. Michael Tsarion is correct about how Christians often think that they are the only ones in this world that are fighting evil...

“Christians are not to consider themselves the sole enemies of evil. In fact Christians are latecomers to the great fight. They are a welcome contingent as long as they realize that their tent is but one of many on the field of battle. Fanatical Christians arrogantly wish to see themselves as the only champions opposing evil. Such is not the case. Not by a long chalk. Evil has haunted our world long before the advent of Christianity, and has been opposed by many great forgotten heroes who fell in the name of Truth long before the birth of Jesus.”⁵¹

This is very important because I often see sincere Christians discount any non-Christian warriors for Truth, thinking that God won’t use them because “they don’t believe in Jesus” and “they don’t have the Holy Spirit,” and other kinds of dogmatic foolishness. If we all unite together and have each other’s backs, then there is no way that the Cult could win. The only power that they have over us is the power that we give them, and we give them too much power simply because of our desire to be the only ones who are right about everything, based upon our own man-made paradigms the all the “prison cells for our minds” that we keep ourselves in. Ideologies lead us to become nothing more than close-minded ideologues, and we all are going to find ourselves having no allies to unite

with once the Cult starts having their minions kicking down our doors and dragging us to the concentration camps that they already have set in place, with crematories within close vicinity of those camps. This is a global reality, and there is no place in this world that is not in the same situation, only difference is the amount of time they reach that point based upon how obedient and compliant those societies in those different places have allowed themselves to become. The situation we find ourselves in is reminiscent of a 1946 post-war confessional writing by the German Lutheran pastor Martin Niemöller (1892–1984). It is about the cowardice of German intellectuals and certain clergy—including, by his own admission, Niemöller himself—following the Nazis' rise to power and subsequent incremental purging of their chosen targets, group after group...

“First, they came for the Communists, and I did not speak out, because I was not a Communist. Then they came for the Socialists, and I did not speak out, because I was not a Socialist. Then they came for the trade unionists, and I did not speak out, because I was not a trade unionist. Then they came for the Jews, and I did not speak out, because I was not a Jew. Then they came for me, and there was, no one left to speak out for me.”⁵³

What we are experiencing today is similar to what happened in Nazi Germany, except that the very same tactics of purging target groups are being used even more wide-ranging and on a global scale. People also have this idea that obedience and compliance will lead to getting their freedoms back, but appeasement NEVER works. It is like feeding the crocodile and hoping he will eat you last. The problem is, he is going to eat you. And facing the crocodile early on better your chances, instead of feeding him and appeasing him, which will only make him bigger and impossible to stop when he finally comes for you. Now that we know what the agenda of the Cult is, it is time to make that decision now to draw our line in the sand and put an end to it while we still have the power to do it. Mass non-compliance and civil disobedience is the first step. Becoming as least dependent upon the system is another very powerful step. Losing the fear of death is perhaps one of the most powerful ways of taking their power away from manipulating you. Watching the masses all over the world, beginning in 2020, obey and comply with global tyranny on a scale that

has never happened before, was nothing more than carried out by using fear of death. People have participated in “solutions” and “cures” that destroy health simply because they were scared to die, GO FIGURE!!! And ultimately, in these signs of the times we are living in, working on your spiritual life is and getting right with God is the ultimate preparation for passing on to the next life, which every single one of us will experience. And that is a guarantee!

Conclusion

I presented some Biblical prophesies in this book that are found in the Bible that predict the worst time in human history of tyranny by Satan, the Antichrist, and his Cult. Unfortunately, many Christians think that since the Bible says these things then there is no sense in doing anything to stop it. This has led to many Christians to sit back and passively let evil gain more and more control, and to take away our rights and freedoms. I am willing to suggest that certain End Times doctrines have been developed and articulated as pys-ops to bring about this kind of behavior from Bible believers. Man-made doctrines that promise God’s people will not have to endure tribulation is one of many doctrines that leads Christians to take no action against tranny. Another doctrine that leads to no action is believing that any resistive action will make no difference in the outcome. Some have even argued that in the early days of Christianity that the Cult actually forged certain passages into the Bible and omitted passages as well (such as Romans 13 and 1 Peter 2:13-17, which suspiciously look like authoritarian inserts), and even omitted whole books from the canon of Scripture when the canon of the Bible was being defined. I am not going to tackle that issue here in this book, but I have presented the case that the Cult has infiltrated Christianity from many angles for the last two thousand years, and they have had their fingerprints all over many dogmas and doctrines that lead Christians into being passive to tyranny and compliant to slavery. I agree with Henry Makow who said...

“As governments become increasingly authoritarian, having locked us down for 18 months and now persecuting citizens who refuse to take dangerous jobs, many Christians think it is ‘God's Plan’ and let it

happen as these appear to be the ‘end times’ as described in the Book of Revelation. This is not God's plan but rather a kabbalist Jewish psyop to trick people into embracing their genocide, thinking it is a Biblical prophecy.”

Regardless of how much influence that the Cult has had on tampering with Scripture texts or creating doctrines to misguide Christians into actions of compliance and acceptance that make the work of tyrannical regimes easier, the idea of not resisting tyranny is not Christianity at all. Christians should always be the leaders of truth and freedom and positive change in the world, and the shining light of resistance against evil. And positive change in the world by Christians and their message is not only our calling by God, but it can literally change God’s promises. For example, the prophet Jonah went to Nineveh and told them that God was going to destroy them ...

*3:1 Now the word of the Lord came to Jonah the second time, saying, 2 “Arise, go to Nineveh, that great city, and preach to it the message that I tell you.” 3 So Jonah arose and went to Nineveh, according to the word of the Lord. Now Nineveh was an exceedingly great city, a three-day journey in extent. 4 And Jonah began to enter the city on the first day’s walk. **Then he cried out and said, “Yet forty days, and Nineveh shall be overthrown!”***

But the Ninevites headed God’s warning and God changed his sentence...

*5 So the people of Nineveh believed God, proclaimed a fast, and put on sackcloth, from the greatest to the least of them. 6 Then word came to the king of Nineveh; and he arose from his throne and laid aside his robe, covered himself with sackcloth and sat in ashes. 7 And he caused it to be proclaimed and published throughout Nineveh by the decree of the king and his nobles... 10 **Then God saw their works, that they turned from their evil way; and God relented from the disaster that He had said He would bring upon them, and He did not do it.***

The example from Scripture shows that repentance can change a sentence of punishment. John Chrysostom (347-407AD) said of this concerning the Jonah passage, “God declared that he will do that which he desires not to do, that he may do that which he desires to do. He wills not the death of the sinner, and therefore he threatens the sinner with death that he might

not have to inflict death” I am not saying that humanity will change the sentences proclaimed in those End Times prophecies, but Christians are to be willing to be the positive change in the world for freedom and truth. We do not know when these prophecies of the Antichrist and Great Tribulation will come. No matter how bad things appear to be getting, and how similar that these prophecies look compared to current events, we do not know when the actual End will come, and we have been warned by Jesus to not make predictions about the time of the End. It can still be tens, hundreds, or even thousands of years away before those things come to pass. We could very well be witnessing just another “type” of the Signs of the Times, just like so many other points in history when things got really bad, and it appeared that Satan was about to “have his day.” These End Times prophecies should be taken as warnings to get right with God. And to “get right with God” happens by, as we see the example of the people of Nineveh in that passage in Jonah (3:8), the king of Nineveh said *“let everyone turn from his evil way and from the violence that is in his hands.”* And what did God do? *“Then God saw their works, that they turned from their evil way; and God relented from the disaster that He had said He would bring upon them, and He did not do it.”* This is the power that morality of the collective has in bringing about the mercy of God. This goes back to the principles mentioned above concerning the moral law of God, which are the “binding and immutable conditions that govern the consequences of behavior for all intelligent beings. It is a set of universal spiritual laws which act as the governing dynamics of consciousness.”⁵² And “as the morality of humanity collectively increases, humanity collectively becomes and remains more free. And as the morality of humanity collectively decreases, humanity collectively becomes and remains more enslaved.”¹⁰ The moral decay of society always ushers in tyranny and slavery by the ruling-class, which then brings about eventual collapse or immediate destruction, however God chooses as their punishment. The destruction of Sodom and Gomorrah are good examples of the negative connotation of the law of freedom. Abraham could not even find ten righteous people in the city of Sodom (Gen. 18:32) in order to convince God to not give them their just punishment.

As we look at current events today, we are not only seeing the enslavement of immoral cities, states, and countries, but we are seeing the enslavement

of the entire world. I have pointed out in this book that there is a global conspiracy by the Cult of Satan that has masterminded this conspiracy through keeping knowledge hidden from the masses and using it against them in order to enslave them. It has been a long-term plan that has taken them centuries to get to this point, and through cunningness and deceit they have led humanity like sheep to the slaughter. As horrible as this is, and the Cult will most definitely receive their just punishment, humanity has chosen to not only comply, but many have willfully participated. Parts of humanity have chosen to be the Cult's order followers, to be the boots on the ground for the Satanic New World Order, those are the ones who are keeping the system of slavery in place.⁵⁴ Some have worked their way to positions of influence and sold their souls for fame and "success," and have become tools for social engineering of the masses in order to consciously shape and manipulate society into depravity. Many have fallen for the belief in the legitimacy of government not realizing that the same bloodline families of the Cult that ruled through monarchies in the past are the same ones in the shadows who are pulling the strings of politicians today. Statism is basically a cult of the Cult, and in this day in time, after seeing all the governments in the world following the same script and doing the same things at once, it has awakened a percentage of the people to realize that something is not right. It has led many people to start questioning their world view and to be open to listen to perspectives that they always used to chalk up as conspiracy theories. But unfortunately, propaganda and indoctrination has led many people to trust government despite all of the evidence that shows that many top-level politicians are members of Satanic secret societies, pedophiles, psychopaths, liars, murderers, thieves, rapists, dark occultists, etc. Testimonies from former Illuminati sex slaves such as Brice Taylor, author of *Thanks for the Memories* (1999) and Cathy O'Brien (with Mark Phillips) author of *Trance-Formation of America* (1995), and others, have shown how our political "leadership" is far more rotten than we can ever comprehend. They are victims of the CIA's MK-Ultra mind control program...

"O'Brien (born in 1957) says she serviced an array of politicians including the cocaine snorting Clintons (A Three-Way), Ronald Reagan, George H.W Bush, Dick Cheney, Pierre Trudeau, Brian

Mulroney, Governors Lamar Alexander and Richard Thornburgh, Bill Bennett (author of *The Book of Virtues*), Senators Patrick Leahy, Robert Byrd (her handler) and Arlen Specter. Notable by their absence were Jimmy Carter and Richard Nixon. Taylor (born in 1951) slept with JFK and LBJ as a preteen and teenager. When O'Brien's daughter Kelly was born in 1980, they often worked as a mother-daughter team. George H.W. Bush particularly liked Kelly. Cheney is not a pederast because his huge genitals horrify children. Referring to George Bush, Dick Cheney told her: 'A Vice President is just that, an undercover agent taking control of the drug industry for the President'... O'Brien worked as a sex slave at Bohemian Grove, the elite's perversion playground on the Russian River in California. She says the place is wired for video in order to capture world leaders in compromising acts. 'Slaves of advancing age or with failing programming were ritualistically murdered at random in the wooded grounds of Bohemian Grove...There was a room of shackles and tortures, an opium den, ritualistic sex altars, group orgy rooms...I was used as a 'rag doll' in the toy store and as a urinal in the 'golden arches' room.'"⁵⁵

The exposure of Jeffery Epstein, who the disgusting and pathetic mainstream media protected, along with so many other rapists and pedophiles, has shown the world that there is a dark network that does the most cruel and inhumane acts to children and innocent people, and politicians and people of fame and power are directly involved. Government intelligence agencies have organized child sex-rings (blackmail rings) designed to compromise politicians. What this does is once they have video footage of a politician or person of influence doing sexual acts with children, then that is used as blackmail in order to hold over their heads. Once that kind of blackmail is established, then that politician is one-hundred percent a puppet to the one with that evidence. And nearly every single high-level politician has been compromised in one way or another. Many politicians are raised and groomed for their position, and they all get selected prior to mock elections, and the mock elections are performed in order to convince the public that they participated in the process that got them elected. And when you have a government stacked with compromised and bought-and-paid-for puppets, then all the strings are being pulled from the shadows while the public thinks that the puppets are in control. The point to all of this is, governments are run by the Satanic Cult. Once people understand this, then hopefully they can understand that

we can never fix the problems we face with government. Government is the “technique” that the Cult uses to enslave humanity. And the only reason why government has any power over the people is because the people give their power to it in the form of acquiescence. If enough people just said, “No more, we are no longer going to do it!” then there is nothing that the 1% parasite ruling class could do about it. The greatest fear that the Cult has is when the people realize that the power of government is just an illusion, that it is nothing more than a paper tiger, and that the real power is in the people. That is why the “Powers That Be” spend trillions of dollars keeping their social engineering program running, because unless the population is bamboozled and in denial about who truly has the power, then it is game over for the Cult.

Therefore, every single one of us need to share this knowledge with as many people as possible. Every single one of us needs to be doing whatever we can to get society to understand that we are at war. War has been declared on humanity. We are being taken into a future of slavery like the world has never seen. But it can be stopped by the power of knowledge and the spine to do what is right, even when the rest of the world seems to be brainwashed and blind. Most of the public is blind to what is going on. That is why the Cult is like the one-eyed man in the land of the blind. The Cult is really nothing special, they are actually a joke, but they have enough sight to lead the masses of the blind and have control over them. But if the blind begins to see what is actually being done to them, then that is when real change can be made. A collective understanding of the moral laws of God as I described above is the key to freedom because that is true enlightenment. The Cult will be crushed by an enlightened and moral population because that is how the governing dynamics and design was established by the Creator of the universe.
